# Index to the *Journal of California and Great Basin Anthropology*, Volumes 1-14

Compiled by JILL GARDNER

The *Journal of California and Great Basin Anthropology* began publication in 1979, replacing *The Journal of California Anthropology*, and has now completed 14 volumes. With such a large selection of articles now available in the *Journal*, this index has been compiled in order to assist our readers in referencing material. It is organized as follows: Author Index, all-inclusive and arranged alphabetically (page 3); Title Index, arranged alphabetically, with review titles listed separately (page 23); Review Index, listed alphabetically by author of work reviewed (page 33); Review Index, listed alphabetically by title (page 40); and Colleagues Remembered, arranged alphabetically by name of person memorialized (page 46). It is hoped that this index will be a valuable tool for all readers of the *Journal of California and Great Basin Anthropology*.
