Correction to "Comment on 'Evaluation of a 'Reliability Programming'
Reservoir Model' by J. B. Strycharczyk and J. R. Stedinger"
by H. A. Loaiciga, M. A. Mariño, and B. Mohammadi

In the paper "Comment on 'Evaluation of a 'reliability programming' reservoir model by J. B. Strycharczyk and J. R. Stedinger" by H. A. Loaiciga, M. A. Mariño, and B. Mohammadi (*Water Resources Research*, 23(9), 1797-1799, 1987), in the second paragraph, the last three lines following (2) should read as follows: 2, \dots , T ; $F(\cdot)$ denotes a function on the

decision variables x , K , and θ ; and c_{mt} denotes the set of constraints ($\forall m$) at time t as a function of the decision variables, and possibly, but not necessarily, conditioned on the initial storage.

(Received February 8, 1988.)
