FRONTIERS OF BIOGEOGRAPHY
the scientific magazine of the INTERNATIONAL BIOGEOGRAPHY SOCIETY

Frontiers of Biogeography is published by the International Biogeography Society (IBS), an international and interdisciplinary society contributing to the advancement of all studies of the geography of nature

Frontiers of Biogeography aims to be a forum for biogeographers and a way to disseminate research in biogeography to the general public; our scope includes opinions, perspectives, and reviews, monographs, symposia proceedings, research articles, research letters, papers describing novel resources (data, methods or software) book reviews, commentaries, short correspondence, interviews, and articles on how to teach, disseminate and/or apply biogeographical knowledge. Research articles, research letters, symposium proceedings and correspondence may include novel analyses of original datasets (see editorial instructions). Manuscripts should be submitted via eScholarship at http://escholarship.org/uc/fb. Editorial enquiries should be made to frontiersofbiogeography@gmail.com, unless stated otherwise.

Frontiers of Biogeography uses a publication agreement based on the Creative Commons scheme to ensure that the authors retain full intellectual property (IP) rights on their work, and that this is freely available for any non-commercial use. Under this agreement, the authors have full IP over their texts under a Creative Commons Attribution 4.0 International license (CC-BY 4.0), being able to distribute their work (including the original PDFs) actively from the day of publication (see https://creativecommons.org/licenses/by/4.0/ for further information).
