We have prepared a google doc based document that identifies various graduate programs that support research in comparative psychology and related fields. It is not exhaustive, but rather, it is intended to be a starting point for students who wish to attend graduate programs in these fields.

The living link may be found here: https://docs.google.com/spreadsheets/d/111grkVrHXvHXdOO_HnwMb-jM9VGA5Lf1ikkmGhIUnVQ/edit?usp=sharing

If we have missed your program and you wish to add it to the list, please do so or contact Dr. Heather Hill at hill1@stmarytx.edu to be included.

Appendix B

We have prepared a list of contacts with an interest in comparative psychology. Some of these professors are at institutions with graduate programs and some of them are at institutions with undergraduate programs only as of May 2018. These professors have agreed to be contacts for students interested in learning more about comparative psychology and related fields.

If you are an academic or a researcher in comparative psychology or a related field and would like to be added to this list, please contact Dr. Heather Hill at hhill1@stmarytx.edu or Dr. Charles Abramson at charles.abramson@okstate.edu.
