This new year 2022 will bring some changes to the UEE:

- Thanks to several generous donors, UEE is finalizing a much-needed upgrade of its interactive Full Version, available at https://uee.ucla.edu. Apart from a new screen design, once the new version will go live in the coming months, you will notice that you are no longer required to log in, and that the search functionality through the map and timeline will be improved.

- UEE is registered as a journal (ISSN 2693-7425) and even though our articles have unique identifiers, we will also provide them with a DOI.

At the beginning of each year we celebrate our authors and I thank our technical team, our copy editors and of course our ever-expanding group of editors.

**UEE Full Version Programming and Mark Up**

**Deidre Brin**
Director Digital Archaeology Lab

**Maryan Ragheb**
Editorial Assistant

**Copy Editors**

**Gina du Bois**
Copy Editor of English

**Hesham M. Hussein**
Copy Editor of Arabic Abstracts
