La situación interna

For Flute in C, Oboe, Bass Clarinet, Trumpet in C,

Piano, Violin, Viola and Violoncello

Manuel Valverde

Notation and Performance

Score written in real notes.

General performance:

- The work is fragmented into 5 (five) movements that must be played in the order indicated in the score. There should never be an *attacca* between each movement, by the contrary, in all cases, there should be a “body relaxation” that demonstrates the completion of it. The time between each movement will be at the decision of the director, always contemplating a prudent time to clearly perceive the completion and the passage from one movement to another.

Dynamics

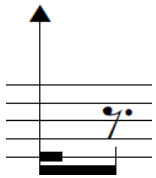

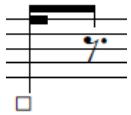

The criterion used to write the dynamics is based on relative values. Therefore, when the same dynamics is indicated for different instruments, it implies a search for balance, in order to achieve a compact sound with an equal (or very similar) intensity in the whole.

Consequently, the dynamics indicated in each instrument refers to the sound intensity obtained, regardless of the physical energy used.

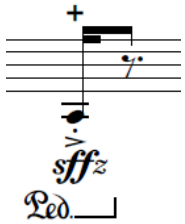

Signs

Fort the Strings

	Bartok Pizz.
	Glissando.

	Highest note of the instrument
	Air/noise sound. With the bow, rub on the edge of the instrument body.

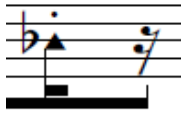

Piano

	Muted sound inside the piano. While the note indicated on the keyboard is played with one hand, press the string of the note with the other hand as soon as the wound begins, so as not to enhance the upper harmonics of the note. Cut the loudness with the pedal immediately after pressing the key.

Bass Clarinet

	Slap
	Air/noise sound

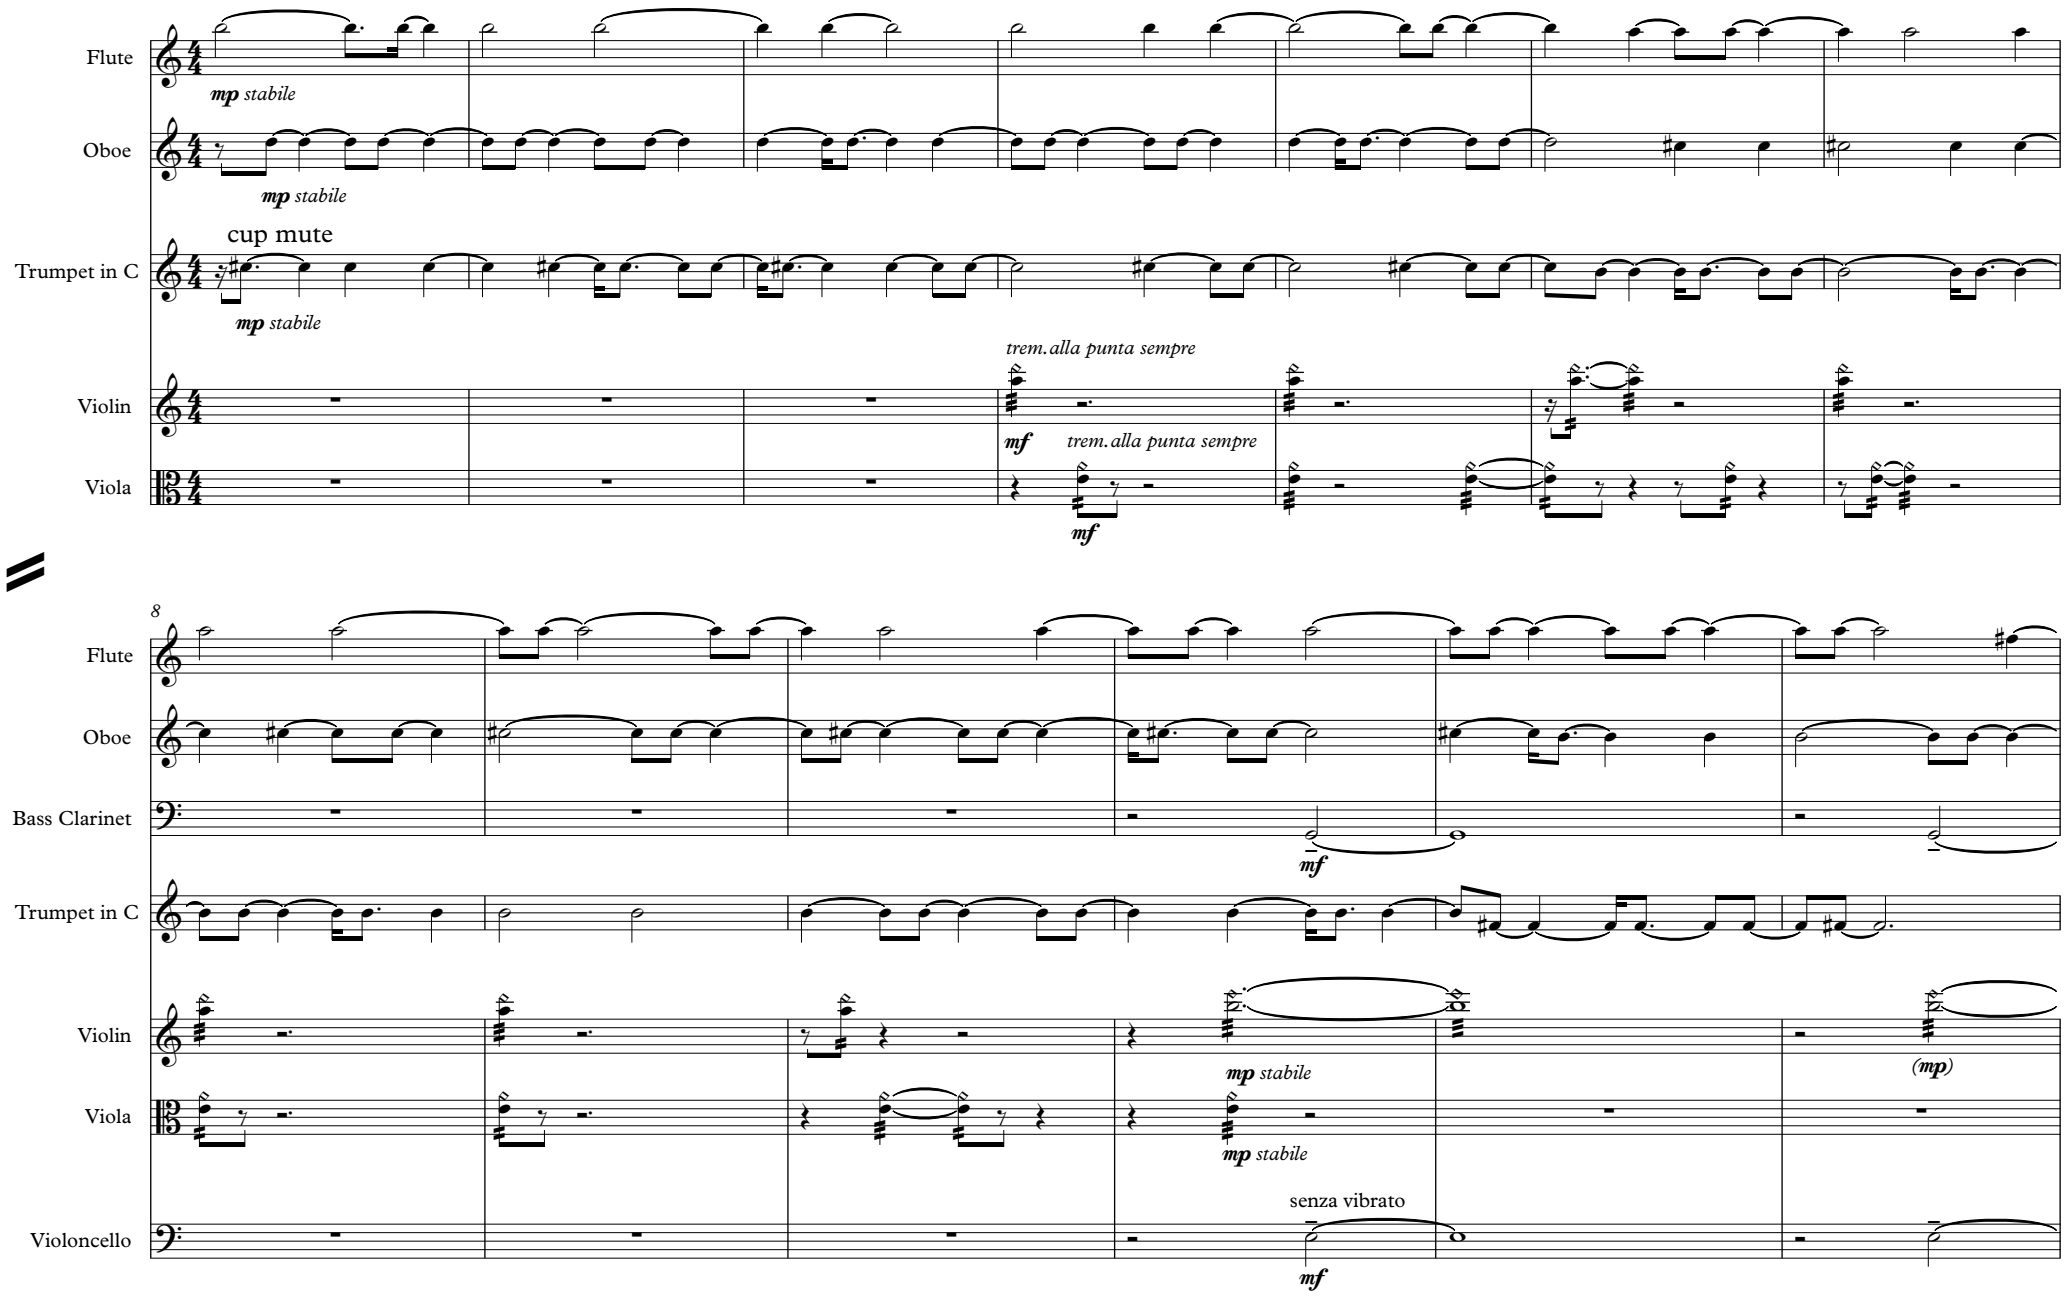

Oboe

	Slap. Remove the reed to make it louder.
