Emergency Procedures for Earthquakes at the Laboratory

1. Stay calm. If you are indoors, stay indoors, if outside, stay outside. Try to keep others calm. Falling debris around the perimeter of buildings causes many casualties.
2. If inside, avoid falling debris and breaking glass by moving away from tall book cases, experimental setups, and glass windows. Stand in an inside doorway or the corner of a room, or crouch under a desk or bench.
3. If outside, move into open areas away from overhead power lines, towers, buildings, and other structures.
4. If in an automobile, stop in a safe open area.
5. After the earthquake:
 - a. DO NOT light matches, DO NOT smoke, and DO NOT operate electrical switches or appliances. If a gas leak exists such actions could cause explosions. Report gas leaks by calling 5333.
 - b. Check for fires, spills of hazardous or flammable materials, and ignition sources. Take action where practical.
 - c. Persons in your area may be injured or trapped. Give assistance in accounting for others in your area; summon medical or rescue help if necessary.
 - d. Be very careful to avoid downed wires, structural hazards, and other obstructions.
 - e. Move into the open after the earthquake is over, but DO NOT USE ELEVATORS. Assemble at your building's specified assembly area where the Building Manager will be in communication with the Command Center.
 - f. Do not use the telephone except to report an emergency condition. The telephone system may be overloaded and should be reversed for essential calls.

*Wait for dial tone.

GENERAL INSTRUCTIONS FOR USING LBL PHONES

DIALING WITHIN THE LABORATORY

Inside calls can be dialed directly from one line to another without the assistance of the LBL operator. Please check your directory and dial the 4-digit extension number listed.

INCOMING CALLS

Always give your full 7-digit telephone number to your outside callers (486 + the 4-digit extension). Calls into the Laboratory will bypass the attendant and ring directly at the called number. Answer promptly, identifying your department and yourself.

TRANSFER/CONSULTATION/ADD-ON

TRANSFER

(Only one party can be outside your system.)

- Depress and release switchhook ONCE.
- Listen for transfer dial tone.
- Dial the number.
- Announce the transfer.
- *Hang up.*

CONSULTATION

To consult with a station or an outside party and exclude the original party:

- Depress and release switchhook ONCE.
- Listen for transfer dial tone.
- Dial the number.
- Consult briefly.
- Wait for called party to hang up, depress and release switchhook ONCE to return to the original party.

ADD-ON

To add another party to call in progress:

- Depress and release switchhook ONCE.
Listen for transfer dial tone.
- Dial the number.
- Announce the call.
- Depress the release switchhook ONCE to establish a 3-way conversation.

(One party can hang up leaving a 2-way conversation as long as a station within your system remains on the line.)

CONDITIONS ENCOUNTERED

On the above features. If the number is busy or does not answer:

- Depress and release switchhook ONCE to reconnect the original party.
- Depress and release switchhook ONCE again to disconnect busy or ringing signal.
- Give a busy or no answer report to original party.

If you misdial:

- Depress and release switchhook ONCE to return to the original party.
- Depress and release switchhook ONCE again for transfer dial tone; redial number.

CONFERENCE CALLS

A total of 5 conferees, 2 of whom may be outside parties (Central Office, Tie Line, FTS, FEX), can be connected to the conference circuit.

- Listen for dial tone.
- Dial "180" for conference operator.
- Identify yourself and station number.

OPERATOR ASSISTANCE CALLS

Dial the LBL attendant to place the following type calls:

- Billed to third number.
- Collect.
- Credit card.
- Enterprise or Zenith numbers.
- Official calls \$.50 or less for the initial period.
- Outside Continental United States.
- Personal.
- Return calls received via commercial lines.
- Special billing.

PERSONAL TELEPHONE CALLS

Laboratory telephones are for official business. Telephone calls of a personal nature are sometimes necessary, and they should always be held to a minimum in time and number. There is now a charge to the Laboratory for each individual call.

If it is necessary to make personal calls, pay telephones, which are located throughout the Laboratory for the convenience of employees, should be used. In an emergency situation or for other urgent reasons there is a need to make a personal toll call from a Laboratory telephone, dial the Laboratory Operator "0." When the operator comes on the line, have the call (1) billed to your residence telephone, (2) billed to your credit card, or (3) place the call collect.

Location of pay telephones is as follows:

Building 7, First Floor	Building 70, Main Lobby
Building 50, Main Lobby	Building 77, Main Lobby
Building 51, Counting Room	Building 90, First Floor
Building 54, Cafeteria	Building 934, Main Lobby
Building 65, Outside	

LONG DISTANCE CALLS

All official outgoing long distance calls should be placed via FTS, unless cost for the initial period is \$.50 or less. When FTS is not available, or if assistance is needed, dial "0" for the LBL attendant.

For calls after hours, see page 15.

THIRD NUMBER CALLS

Calls to a phone number off-site placed from a telephone outside the Laboratory and then billed to a Laboratory phone number are called "third number" calls. Third number calls are not allowed under Laboratory policy since they incur a surcharge. If it is necessary to charge a business call while off-site, it should be charged to an appropriate private number (rather than a Laboratory third number) and then reimbursement requested from the Laboratory.

TELEPHONE INSTALLATIONS AND RELOCATIONS

All requests must be submitted in writing. Simple orders may be called in provided they are confirmed by a memorandum. Major moves and installations require considerably more than two weeks notice. Telephone Services should be contacted when arrangements are made with Plant Engineering.

RADIO PAGING

Laboratory personnel with pocket pages who need to be contacted in the field may be called from any Laboratory telephone.

- Dial "190."
- Listen for the "ready" tone. If there is a busy signal, hang up, wait, then redial.

- Dial the 3-digit number of the pager you wish to reach. After a period of five seconds or less, a beeping tone will be heard. When beeping tone ends, state your message immediately. (Transmitter will turn off in 30 seconds.)

Dial 4448 for pager code numbers and for any further information.

FEDERAL TELECOMMUNICATIONS SYSTEM (FTS)

The FTS should be used for OFFICIAL GOVERNMENT BUSINESS ONLY. Use or appropriation of Government property or services for personal business is prohibited by law (Section 641, Title 18, U.S.C.).

Not all Laboratory Telephones have access to this system.

Users should place their own calls through the FTS.

ON-NET: to call most Government agencies and listed contractors, refer to page 18 for FTS information,

- Dial FTS access code.
- Dial 7-digit FTS telephone number.

If you do not know the FTS number,

- Dial the information and assistance number listed for the city you are calling.
- Give the attendant the name and agency of the person you are trying to reach. Record the number for future use.
- Hang up and dial the number directly as described above.

Note: *Federal agencies and contractors who are on the FTS are able to dial directly to your extension by dialing 451 + extension.*

OFF-NET: To call non-FTS telephone numbers (except in the areas listed on the next page that are served by automatic off-net dialing) refer to page 18 for FTS assistance operators and off-net exit points.

- Dial FTS access code 8 and listen for dial tone.
- Dial the 7-digit FTS assistance operator number for the city you are calling.
- Give the ten-digit commercial number you are calling. If you do not know the commercial number, dial the LBL operator for directory assistance, 6111.
- The distant city FTS assistance operator will connect your call.

FTS Off Hours: Follow the same procedure for calls as during normal business hours.

CALLS AFTER HOURS

LBL attendant service is available 7:30 a.m. to 5:00 p.m. Monday through Friday, except holidays.

Local calls: See page 4 for direct dialing codes. Prefixes and access codes for the Greater Bay Area are on page 6.

Long distance calls: After-hours calls should be placed over the FTS (see page 13).

Personal Calls: For personal calls, use pay telephones listed on page 12. Late shift personnel should check with their department supervisor on procedures for placing personal toll calls in areas without pay telephones.

CALLS TO CANADA

Calls to Canada must be placed through the cities and FTS operator numbers listed below, provided the equivalent commercial toll rate between your telephone and the FTS operator city is \$1 or more for the first 3 minutes. Otherwise, the call should be over commercial facilities.

FTS Operator

GENERAL INSTRUCTIONS FOR TELEX, MAILGRAM & FACSIMILE/TELECOPIER SERVICE

TELEX

On-site

TELEX message service is available at the Telephone Services Office, Building 80A. Outgoing messages should be mailed, hand carried, or telecopied to Building 80A for transmission over TELEX equipment by Telephone Services personnel. Form 321, "Outgoing Telecommunication Message," should be used to ensure all necessary information is provided. Please include Telephone Number or Account Number to be charged.

Incoming TELEX messages should be directed to the Laboratory's TELEX number: 910-366-2037. Messages can be received by Telephone Services on a 24-hour basis. Addressees are notified by telephone.

Off-site — Western Union

Western Union service is more expensive than the on-site TELEX service described above. It should only be used when Laboratory service is unavailable.

To reach the toll-free Western Union number for message dispatch:

Dial 9 + 832-8233

The LBL Account Number is CSF 030903

Messages charged to the LBL Western Union Account must be related to official business.

The Western Union Operator will ask for the following information:

- Calling telephone number – (415) 486 + your extension
- Calling city – Berkeley, California
