After the original publication of this manuscript [Powell J, Ricco M, Naugle J et al. Adherence to Hepatitis C Therapy in a Shelter-Based Education and Treatment Model Among Persons Experiencing Homelessness. *Open Infect Dis*, Volume 8 Issue 10. <https://doi.org/10.1093/ofid/ofab488>], there were errors discovered in Table 3. Its content has been revised to correct

the odds ratio and 95% confidence interval values for the variable “history of prior HCV testing” from odds ratio “-0.08” to 0.73 and the 95% confidence interval value from “-0.39 to 0.24” to “0.21-2.48” and the confidence interval for the variable “Extended shelter stay during treatment” from “-0.87 to 1.15” to “0.87 to 1.15”. The publisher regrets this error.
