Correction to: *Nature Neuroscience* <https://doi.org/10.1038/s41593-017-0032-x>, published online 11 December 2017.

In the version of this article initially published, the consortium authorship was not presented correctly. The 23andMe Research Team was listed as the last author, rather than the fourth, and a line directing readers to the Supplementary Note for a list of members did appear but was not directly associated with the consortium name. Also, the Supplementary Note description stated that both member names and affiliations were included; in fact, only names are given. Finally, the URL for S-PrediXcan was given in the Methods as <https://github.com/hakyimlab/S-PrediXcan>; the correct URL is <https://github.com/hakyimlab/MetaXcan>. The errors have been corrected in the HTML and PDF versions of the article.
