Sharing Success

We invite former LCIG members to speak about transitioning into their new career positions.

"Through this group I connected with colleagues across departments which helped me gain broader exposure across library services as well as deeper insight into diverse user perspectives. Since then, I have grown into a role supporting statewide aggregations of archival collections at California Digital Library." — Christine Kim

"This group helped to motivate and inspire me not to give up my search. Eventually, after 6 years of interviews and part-time gigs, I landed a great full-time, professional job as a cataloging librarian in the Music Division at the Library of Congress." — Ben Barba

"LCIG helped me work toward my career goals & provided moral support while I was in grad school at the University of Illinois Urbana Champaign as a distant learning student." — Ziba Zehdar, Children’s Librarian at the Brentwood Branch of the LAPL.
