Corrigendum: Fever, febrile seizures and epilepsy

In the Opinion article by Céline M. Dubé, Amy L. Brewster, Cristina Richichi, Qin Qin Zha and Tallie Z. Baram ‘Fever, febrile seizures and epilepsy’, which was published in the October 2007 issue of Trends in Neurosciences, the references cited for the respiratory rate for model 1 in Figure 1 did not contain the data for said respiratory rate. The data for the respiratory rate for model 1 are currently unpublished observations.

The authors apologise for the error.
