# Publisher Correction: Increasing ambient temperature progressively disassembles *Arabidopsis* phytochrome B from individual photobodies with distinct thermostabilities

Joseph Hahm, Keunhwa Kim, Yongjian Qiu  & Meng Chen 

Correction to: *Nature Communications* <https://doi.org/10.1038/s41467-020-15526-z>, published online 2 January 2020.

The original version of this Article contained an error in the title, which was previously incorrectly given as ‘Increasing ambient temperature progressively disassemble *Arabidopsis* phytochrome B from individual photobodies with distinct thermostabilities’. The correct version states ‘disassembles’ in place of ‘disassemble’. This has been corrected in both the PDF and HTML versions of the Article.
