Title

Correction for Thompson et al., "Fatty Acid and Alcohol Metabolism in *Pseudomonas putida*: Functional Analysis Using Random Barcode Transposon Sequencing"

Permalink

<https://escholarship.org/uc/item/6k9206w6>

Journal

Applied and Environmental Microbiology, 87(8)

ISSN

0099-2240

Authors

Thompson, MG
Incha, MR
Pearson, AN
et al.

Publication Date

2021-04-01

DOI

10.1128/AEM.00177-21

Peer reviewed

Correction for Thompson et al., “Fatty Acid and Alcohol Metabolism in *Pseudomonas putida*: Functional Analysis Using Random Barcode Transposon Sequencing”

Volume 86, no. 21, 2020, e01665-20, <https://doi.org/10.1128/AEM.01665-20>. Readers should note that when the authors created the deletion mutant of PP_2675, they deleted the entire region between the gene's start and stop codons. However, this also deleted the DNA that codes for the first 14 amino acids of the overlapping ORF PP_2676. Furthermore, the originally published URL for the JBEI public strain repository was incorrect. The correct link to all strains and plasmids in this study is <https://public-registry.jbei.org/folders/641>.
