Women on the campus of the University of California 1870-1890

This table is based on four sources: **(1)** *of the President to the Regents of the University*, from 1870; **(2)** *The Blue and Gold*, class year books from 1874; **(3)** *Register of the University of California*, from 1871; **(4)** *The Golden Book*

Usually the names and years of enrollment/graduation overlap, but there are some small discrepancies. If two out of the three coincide, that is what is reported here.

Compiled by Anne J. MacLachlan, Senior Researcher Center for Studies in Higher Education with the assistance of Fernando Garza Soto, class of '26.
