This Collective Bargaining Agreement (hereinafter Agreement) is entered into by the City and County of San Francisco (hereinafter City) acting through its designated representatives and the Service Employees International Union, Locals 250, 790 and 535 (hereinafter Union).

ARTICLE I – REPRESENTATION

A. RECOGNITION

Classifications Currently Represented

1. The City acknowledges that the Union has been certified by the Municipal Employee Relations Panel or the Civil Service Commission as the recognized employee representative, pursuant to the provisions as set forth in the City's Employee Relations Ordinance, for the classifications listed in Attachment A and employees in these classifications who perform duties for the City and County of San Francisco, San Francisco Unified School District and the Community College District. The provisions of this Agreement shall apply to said employees to the extent authorized by law as provided in Charter Section A8.409-1.

Placement of New Classifications

2. Any non-supervisory, new or amended classification or reclassification not claimed by another Union and related to SEIU represented classes shall be automatically assigned to a bargaining unit represented by SEIU. The current practice as established by the Employee Relations Ordinance will continue for supervisory classes. The Union will be notified within seven (7) calendar days of any such assignments.
3. Whenever a new class is created by the Department of Human Resources which is the result of consolidation or splitting off of one or more former classes, and in those instances when the duties and responsibilities of the new class(es) are the same or similar to those of the former class(es), then the bargaining unit assignment and representation shall continue to be the same as for the former class(es) without notice and appeal procedures required by the CSC Rule and provisions of the San Francisco Administrative Code.
4. Should there be a dispute regarding appropriate Unit assignment of any such classification(s), such dispute shall be resolved in accordance with the grievance and arbitration procedure.

Applicability of the Agreement to All Newly Recognized Classifications

5. The terms and provisions of this Agreement shall also be automatically applicable to any classifications for which the Union has become appropriately recognized during the term of this agreement. Such classifications shall also receive the appropriate differentials and premiums applicable to related classifications.
6. Issues related to classification descriptions shall be subject to the meet and confer process with final review by the Civil Service Commission. Issues related to the effects of classification decisions on hours, wages, terms and conditions of employment shall be subject to negotiations and interest arbitration.

B. INTENT

7. It is the intent of the parties signatory hereto that the provisions of this Agreement shall become binding upon adoption or acceptance by the City and ratification by the general memberships of the Unions of the Joint Council or upon a final decision rendered by an arbitration panel pursuant to the interest arbitration procedure under Charter Section A8.409.
8. Upon adoption, the provisions of this Agreement shall supersede and control over contrary or contradictory Charter provisions, ordinances, resolutions, rules or regulations of the City to the extent permissible by Charter Section A8.409.
9. In the event the parties reach a tentative agreement, the Employee Relations Director and the Union negotiating team shall present a full tentative agreement, signed by the Employee Relations Director and representatives of the Union negotiating team, to the City and the Union general memberships for ratification within sixty (60) days of signing such full tentative agreement together with their recommendations.
10. Pursuant to the provisions of the Meyers-Milias-Brown Act, as amended, the City agrees to meet and confer with the Union in advance regarding any proposed changes in working conditions within the scope of representation.

C. MANAGEMENT RIGHTS

11. Except to the extent there is contained in this Agreement express and specific provision to the contrary, nothing herein shall be construed to restrict any legal city rights concerning direction of its work force, or consideration of the merits, necessity or organization of any service or activity provided by the City. The City shall also have the right to determine the mission of its constituent departments, officers, boards and commissions; set standards of services to be offered to the public; and exercise control and discretion over the city's organization and operations. The City may also relieve employees from duty due to lack of work or funds, and may determine the methods, means and personnel by which the City's operations are to be conducted.
12. However, the exercise of such rights does not preclude represented employees or the union from utilizing the grievance procedure to process grievances regarding the practical consequences of any such actions on wages, hours, benefits or other terms and conditions of employment.

D. NO WORK STOPPAGE

13. It is mutually agreed and understood that during the period this Agreement is in force and effect the Union will not authorize or engage in any strike, slowdown, or work stoppage. Represented employees are also bound by the above. The City agrees not to conduct a lockout against any of the employees covered by this agreement during the term of this Agreement.

E. OBJECTIVE OF THE CITY

14. It is agreed that the delivery of municipal services in the most efficient, effective and courteous manner is of paramount importance to the City and its employees. Such achievement is recognized to be a mutual obligation of the parties to this Agreement within their respective roles and responsibilities.

F. UNION SECURITY

Application

15. Except as provided otherwise herein, the provisions of this Section shall apply to all employees of the City in all classifications represented by SEIU Locals 250, 790 and 535, either jointly or individually, in representation units 1, 2, 4, 6, 8 and 9, when on paid status, except those mutually designated classifications and mutually designated individual on-call employees who are employed for less than 20 hours per week. The provisions of this Section shall not apply to individual employees of the City in representation units 1, 2, 4, 6, 8 and 9 who have been properly and finally determined to be management, confidential or supervisory employees pursuant to Section 16.208 of the Employer-Employee Relations Ordinance.
16. When the Employee Relations Director receives a request from a department head to designate position(s) as management, supervisory or confidential, the Employee Relations Director shall give the Union notice of such request. The Union shall have ten (10) working days within which to request a meeting to discuss the requested designation(s). Upon request of the Union, the Employee Relations Director and the Union shall meet to discuss the requested designation(s). In accordance with Section 16.208 of the Employee Relations Ordinance, the Employee Relations Director shall thereafter approve or disapprove the requested designation(s).
17. If the Union disagrees with such designation(s), the Union may submit the matter to an Administrative Law Judge for hearing and final determination as provided in the Employee Relations Ordinance. The Union and the City may jointly request that the assigned Administrative Law Judge have a labor relations background.
18. Designation(s) of position(s) by the Employee Relations Director as management, supervisory or confidential for which no challenge has been filed by the Union shall result in termination of agency shop fees if applicable. Challenges of designation(s) by the Union shall result in agency shop fees being placed in escrow until the disagreement is resolved by an Administrative Law Judge. Following final determination by the Administrative Law Judge, the fees shall be dispersed to either the employee or the Union depending on who prevails.

Agency Shop

19. For the term of this Agreement, all current and future employees of the City as described paragraph 15 above except as set forth below, shall, as a condition of continued employment, become and remain a member of the Union or, in lieu thereof, shall pay a service fee to the Union. Such service fee payment shall not exceed the standard initiation fee, periodic dues and general assessments (hereinafter collectively termed membership fees) of the Union representing the employee's classification. The service fee payment shall be established annually by the Union, provided that such agency shop service fee will be used by the union only for the purposes of collective bargaining, contract administration and pursuing matters affecting wages, hours and other terms and conditions of employment.

Religious Exemption

20. Any employee of the City in a classification described in Section A hereof, paragraph 15 above who is a member of a bona fide religion, body or sect which has historically held conscientious objections to joining or financially supporting a public employee organization and is recognized by the National

Labor Relations Board to hold such objections to Union membership, shall, upon presentation of membership and historical objection satisfactory to the City and the Union, be relieved of any obligation to pay the required service fee.

Payroll Deductions

21. The Union shall provide the Employee Relations Director and the City Controller with a complete list of the City classifications subject to this Section represented by each constituent union of the SEIU Joint Council and a current statement of membership fees. Such list of represented classifications and statement of membership fees shall be amended as necessary. The Controller may take up to 30 days to implement such changes. The Controller shall make required membership fee or service fee payroll deductions solely for the Union representing the employee's classification as designated on the list submitted by the Union. An employee may, on a voluntary basis, request a payroll deduction for Union membership in another SEIU Local Union, in addition to the service fee deduction.
22. Each pay period, the Controller shall make membership fee or service fee deductions, as appropriate, from the regular periodic payroll warrant of each City employee described paragraph 15 above.
23. Service fees from nonmembers shall be collected by payroll deduction pursuant to Administrative Code Section 16.90. Failure to comply with this Section shall be grounds for termination. The Union, at its option, may elect to waive its right to demand termination and instead utilize judicial process to compel payment.
24. Effective with the first complete pay period worked by an employee newly employed in a classification described paragraph 15 above and each pay period thereafter, the Controller shall make membership fee or service fee and initiation deductions, as appropriate, from the regular payroll warrant of each such employee.
25. Nine (9) working days following payday the Controller will promptly pay over to the appropriate Union all sums withheld for membership or service fees. The Controller shall also provide with each payment a list of employees paying service fees. All such lists shall contain the employee's name, employee number, classification, department number and the amount deducted. A list of all employees in represented classes shall be provided to the Union monthly.
26. Nothing in this Section shall be deemed to have altered the City's current obligation to make insurance program or political action deductions when requested by the employee.
27. The union shall be entitled to collect, through the payroll deduction method, membership dues, COPE deductions, and any special membership assessments, and through that system, may make changes as may be required, from time-to-time. The Union shall give the Controller appropriate written notice of any changes in existing deductions, or the establishment of new bases for deduction.

Employees Exempt from Agency Shop

28. Employees covered by this Agreement not subject to the agency shop requirement set forth above and who have voluntarily joined the Union shall, for the administrative convenience of the parties, be permitted to revoke an authorization for the deduction of union dues during the month of January of any year only. Any request for such revocation shall be delivered in person to the Office of the

Controller or may be sent by U.S. Mail to the Controller, 875 Stevenson Street, San Francisco 94103. The City shall deliver a copy of any revocation notice to the Union not later than March 1.

Financial Reporting

29. Annually, the Union will provide an explanation of the fee and sufficient financial information to enable the service fee payer to gauge the appropriateness of the fee. The Union will provide a reasonably prompt opportunity to challenge the amount of the fee before an impartial decision maker not chosen by the Union and will make provision for an escrow account to hold amounts reasonably in dispute while challenges are pending.

Indemnification

30. The Union agrees to indemnify and hold harmless the City for any loss or damage arising from the operation of this Agreement.

G. OFFICIAL REPRESENTATIVES AND STEWARDS

Official Representatives

31. The Union may select as many as one employee member of such organization from the appropriate unit represented by such organization, and one additional such employee member for each two-hundred and fifty (250) employees in such unit; or fraction thereof, in excess of two-hundred (200) employees in such unit, to attend, during regular duty or work hours without loss of compensation, meetings scheduled with the Civil Service Commission, the Department of Human Resources, the Director of Employee Relations, or designee, when such meetings have been scheduled for the purpose of city-wide Agreement meeting and conferring on all matters within the scope of representation affecting such appropriate unit, and to participate in the discussions, deliberations, and decisions at such meetings. The selection of such employee members, or substitutions or replacements therefore, and their attendance at meetings during their regular duty or work hours, shall be subject to the following:
32. a. The organization's duly authorized representative shall inform in writing the department head or officer under whom each selected employee member is employed that such employee has been selected.
33. b. No selected member shall leave the duty or work station, or assignment without specific approval of the employee's department head or other authorized management official.
34. c. In scheduling meetings, reasonable consideration shall be given to the operating needs and work schedules of the department, division, or section in which the employee members are employed.
35. d. Official representatives who are assigned to evening and night shift work schedules and who participate in meeting and conferring during day shift hours shall be released from their regular shift pursuant to the rules established herein. Official representatives shall not be provided compensatory release time for participating in meeting and conferring on regular days off except as may be mutually determined.

ARTICLE I – REPRESENTATION

36. Release time for official representatives engaged in meeting and conferring affecting a department or other work unit of City government shall be determined by mutual agreement.
37. The rules for release time for City-wide meeting and conferring shall apply.

Stewards

38. The Union shall furnish the City with an accurate list of City-wide shop stewards and designated officers from each Local in areas as designated by the Union. The Union may submit an amendment to the list at any time. An employee has no status as a steward unless the City has received verification in writing from the Union that the employee is a steward in a given area.
39. The Union recognizes that it is the responsibility of the shop steward to assist in the resolution of grievances at the lowest possible level.
40. Upon notification of an appropriate management person, stewards and designated officers of the Union, subject to management approval, which shall not be unreasonably withheld, shall be granted reasonable release time to investigate and process grievances, disciplinary appeals and attend meetings with Management without loss of pay or benefits. Union Stewards shall advise their first level supervisors prior to engaging in Union business. Such notification of release time shall normally be made in advance and shall include the area or work location where they will be investigating or processing grievances, disciplinary appeals or meetings with Management. The Union will attempt to insure that shop steward release time will be equitably distributed. Normally one steward will be sufficient for a single investigation of a grievance or appeal, except for Shop Steward Trainee Observers.
41. In emergency situations, where immediate disciplinary action must be taken because of a violation of law or a City departmental rule (intoxication, theft, etc.) a shop steward shall not unreasonably be denied the right to leave his/her post or duty to represent the employee.
42. Except in emergency situations, an investigative, disciplinary or grievance meeting shall be rescheduled if a Shop Steward is denied release time.
43. Shop stewards shall not interfere with the work of any employee. A shop steward may interview an employee during the employee's regular work time in order to investigate or process a grievance or disciplinary appeal with the approval of the employee's supervisor, which shall not unreasonably be withheld.
44. Stewards shall be responsible for the performance of their work load, consistent with release time approved pursuant to rules established herein.
45. Stewards shall receive timely notice of and shall be permitted to make appearances at departmental orientation sessions in order to distribute union materials and to discuss employee rights and obligations under this Agreement.
46. Any meeting of shop steward and supervisor shall be held in private surroundings and shall be held in a quiet and dignified manner.

I. BULLETIN BOARDS, INTEROFFICE MAIL, UNION ACCESS AND LEGAL MATERIALS

Bulletin Boards

47. Reasonable space shall be allowed on bulletin boards for use by the Union to communicate with employees as may be agreed between the Union and the affected department head.

Inter-Office Mail

48. To the extent permissible under the law, the Union may make reasonable use of the City's interoffice mail system to communicate with appointing officers, personnel officers, stewards and officers of the Union.

Union Access

49. The Union shall have reasonable access to all work locations to verify that the terms and conditions of this Agreement are being carried out and for the purpose of conferring with employees provided that access shall be subject to such rules and regulations as may be agreed to by the department and the Union.

Legal Materials

50. The City shall provide the Library with the following items, not to exceed fifteen (15) sets, to be placed at libraries selected by the Librarian: Charter, San Francisco Administrative Code, Annual Salary Ordinances, Civil Service Rules and this Agreement.

DPH Website and Telephone Hotline

51. In addition to job vacancy postings on the City website and telephone hotline and as otherwise obligated in the CBA, DPH will post all DPH job vacancies on the DPH internet website. Posted information shall include but not be limited to: job classification, shift, days-off and worksite as available. A telephone hotline will provide a separate non-nursing classification hot line for only DPH classifications that are open for permanent testing.

J. VENDING MACHINES

52. Subject to the requirements of the Charter and Sections 4.2, 4.3, 4.4, 4.6, 4.7 and 4.8 of the San Francisco Administrative Code, The Union is authorized to establish vending machines in employee work areas. The Union shall be responsible for their installation and operation and all costs relating thereto, including maintenance and insurance. Proceeds from sales made through the vending machines shall be deposited in a special fund under the direction and control of the Union and allocated exclusively for the benefit of employees' recreation and welfare.
53. It is the understanding of the Parties that Union will not establish vending machines in the Recreation and Parks Department that compete with vending machines currently established in the Department that contribute to the operating revenues of the Department.

K. DATA

54. The City shall provide information to the Union, in hard copy and on computer diskette as available, to permit the evaluation of contract compliance. The information shall be provided within ten (10) calendar days of a written request to the Employee Relations Department. This shall include, but not

ARTICLE I – REPRESENTATION

ARTICLE II – EMPLOYMENT CONDITIONS

57. The City and Union agree that no person employed or applying for employment shall in any way be discriminated against because of race, color, creed, religion, sex, national origin, physical handicap, physical disability, age, political affiliation or opinion, sexual orientation, gender identity, marital status, or other non-merit factors, nor shall a person be the subject of sexual harassment as prohibited by State or Federal law.
58. In the event more than one administrative remedy may be available within the City and County governmental system of San Francisco, the Union and the employee shall elect only one. The election is irrevocable.

Assignment of Overtime

319. When an overtime assignment must be made, the most senior qualified employees shall be given the first opportunity to volunteer for the overtime assignment. If there is an insufficient number of volunteers, assignment may begin with the least senior employees able to do the work.
320. Any employee working in excess of the regular or normal work day or week shall be compensated at the overtime rate of one-and-one-half times the base hourly rate which shall include a night differential if applicable.

Employees occupying non "Z" designated positions and designated "L" positions may accumulate a balance of compensatory time earned in excess of 240 hours calculated at the rate of time and one half (1-1/2). Upon receipt of such notice of accrual of one hundred fifty (150) or more hours of CTO, the employee shall request days to take off as CTO with the next six (6) month period. The department shall not unreasonably deny a CTO request pursuant to this paragraph. CTO will be taken in full work-day blocks unless an alternative is mutually agreed upon.

332. Any employee covered by this Section who accrues more than two hundred forty (240) hours of compensatory time shall be paid for all hours over two hundred and forty on a quarterly basis.

A written notice of separation from employment is given by the employee to his/her supervisor not less than three (3) months prior to the date of separation, unless the employee and the supervisor mutually agree otherwise. Saturday Holidays

338. In the event a legal holiday falls on Saturday, the preceding Friday shall be observed as a holiday; provided, however, that except where the Governor declares that such preceding Friday shall be a legal holiday, each department head shall make provision for the staffing of public offices under his/her jurisdiction on such preceding Friday so that said public offices may serve the public as provided in Section 7.702 of the Charter. Those employees who work on a Friday which is observed as a holiday in lieu of a holiday falling on Saturday shall be allowed a day off in lieu thereof as scheduled by mutual agreement with the appointing officer within one (1) calendar year of the date of the holiday.

Holiday compensation shall not be paid for work on the Friday preceding a Saturday holiday nor on the Monday following a Sunday holiday.
345. If the provisions of this section deprive an employee of the same number of holidays that an employee receives who works Monday through Friday, s/he shall be granted additional days off to equal such number of holidays. The designation of such days off shall be by mutual agreement of the employee and the appropriate supervisor with the approval of the appointing officer. Such days off must be used in the current or next fiscal year after the day off has been earned. In no event shall the provisions of this section result in such employee receiving more or less holidays than an employee on a Monday through Friday work schedule. Departments will use their best efforts to grant each employee qualifying for paid holidays at least one (1) of the following two (2) holidays off: Christmas Day and the following New Year's Day.

Holiday Pay for Employees Laid Off

Holiday time off shall be determined by calculating 1/10 of the hours worked by the part-time employee in the biweekly pay period immediately preceding the pay period in which the holiday falls. The computation of holiday time off shall be rounded to the nearest hour.
350. The proportionate amount of holiday time off shall be taken in the same fiscal year in which the holiday falls. Holiday time off shall be taken at a time mutually agreeable to the employee and the appointing officer.

355. b. If the employee is receiving a salary in his/her present classification which is less than the entrance step of the salary range of the promotive classification, the employee shall receive a salary step in the promotive class which is closest to an adjustment of

10% above the salary received in the class from which promoted. The proper step shall be determined in the biweekly salary grade and shall not be above the maximum of the salary range of the promotive class.

2. Provisional to Promotive

356. Consistent with the Temporary Employees' Agreement attached hereto, a provisional appointee who accepts appointment to a promotive position from a regular eligible list shall have his/her salary in the promotive appointment based on the salary in his/her regular civil service next lowest rank position from which s/he gained promotive eligibility, except as herein provided.
357. If the following conditions are met, the salary in the promotive appointment shall be not less than the salary received under provisional appointment:
358. a. That the employee was serving under permanent provisional appointment for at least six (6) months immediately prior to accepting such regular promotive appointment.

368. e. If a new employee is hired above Step 1 under section (4)(c) above, all incumbents in the same classification shall be advanced to the same step at which the new employee is hired. In this case, the incumbents shall maintain their original anniversary date in the class for future step increases.

When a classification that was formerly a next lower rank in a regular civil service promotional examination receives a salary schedule higher than the salary schedule of the classification to which it was formerly promotive, the rate of pay to an employee who was promoted from such lower class shall be equivalent to the salary s/he would have received had s/he remained in such lower class.

2. *Reemployment In an Intermediate Classification*

379. An employee who has completed the probationary period in a promotive appointment that is two or more steps higher in an occupational series than the permanent position from which promoted and who is subsequently laid off and returned to a position in an intermediate ranking classification shall receive a salary based upon actual permanent service in the higher classification, unless such salary is less than the employee would have been entitled to if promoted directly to the intermediate classification. ARTICLE IV – GRIEVANCE PROCEDURE & PERSONNEL FILES

A. GRIEVANCE PROCEDURE

Definition

464. A Grievance shall be defined as any dispute which involves the interpretation or application of, or compliance with this Agreement, discipline or discharge.

Grievance Description

465. The Union and the City agree that the following guidelines will be used in the submission of grievances:

466. a. The basis and date of the grievance as known at the time of submission;

467. b. The section(s) of the contract which the Union believes has been violated;

468. c. The remedy or solution being sought by the Grievant.

Procedure

469. Only the Union shall have the right on behalf of a disciplined or discharged employee to grieve the discipline or discharge action.

470. In no event shall a grievance include a claim for money relief for more than a thirty (30) working day period prior to the initiation of the grievance. In the event that the parties agree to settle a grievance through a formal settlement agreement containing a back pay provision or in the event that an arbitrator makes an award pursuant to this MOU's grievance procedure that includes back pay, the City will issue a check in the appropriate amount within 90 days from the date the settlement agreement is fully executed or, in the case of an arbitration award, within 90 days from either: (a) the date of receipt of an arbitration award that sets forth a specific dollar amount of back pay; or (b) the date the parties verify and agree on the specific back pay calculation. If the City does not meet this 90-day deadline, the grievant(s) shall be entitled to interest at the rate of 5% per year beginning on the 91st day until the date the check is issued. In the event that either party moves to judicially challenge the arbitration award, the ninety (90) day deadline shall apply upon the resolution of such challenge, assuming the resolution to the judicial challenge is final and contains a specific dollar amount as discussed above.

471. The management representative named in the Steps of this grievance procedure may appoint a designated representative to act on his/her behalf with the accompanying authority to settle the grievance at the appropriate grievance step.

Time Limits

472. The parties have agreed upon this grievance procedure in order to ensure the swift resolution of all grievances. It is critical to the process that each step is followed within the applicable timelines. Steps are skipped only with the express, prior approval of the other party, except as outlined paragraphs 477-480.

473. All time limits referred to in this section are binding on each party.

474. A time limit may be extended by the Union and the Management Official responsible for the decision making at the particular step of the process by agreement entered into prior to the expiration of the time limit. This agreement must be confirmed in writing by the party initiating the extension request. Failure by the Union to follow the time limits, unless mutually extended, shall cause the grievance to be withdrawn. Failure of the City to follow the time limits shall serve to move the grievance to the next step.
475. Any deadline date under this procedure that falls on a Saturday, Sunday or Holiday shall be continued to the next business day.

Employee Grievance Procedure

476. An employee having a grievance may first discuss it with the employee's immediate supervisor, or the next level in management, to try to work out a satisfactory solution in an informal manner. The employee may have a representative at this discussion.

Step I Immediate Supervisor

477. If a solution to the grievance, satisfactory to the employee and the immediate supervisor is not accomplished by informal discussion, the Union may pursue the grievance further.
478. The Union shall submit a written statement of the grievance to the immediate supervisor within fifteen (15) calendar days of the facts or event giving rise to the grievance, or within fifteen (15) calendar days from such time as the employee or Union should have known of the occurrence thereof. In cases alleging sexual harassment, the time limit during which to file a grievance shall be four (4) months.
479. The immediate supervisor will make every effort to arrive at a prompt resolution by investigating the issue. He/she shall respond in writing within five (5) calendar days.
480. Grievances related to a suspension or termination of an employee may be submitted initially at Step II of this procedure within fifteen (15) calendar days of the date of final notice of disciplinary action.

Step II Department Head/Designee

481. If the grievance is not satisfactorily resolved in Step I, the written grievance shall be advanced, containing a specific description of the basis for the claim and the resolution desired, and submitted to the department head or his/her designee within fifteen (15) calendar days of receipt of the Step I response. The parties shall meet within fifteen (15) calendar days, unless a mutually agreed upon alternative is established. The department head/designee shall, within fifteen (15) calendar days of receipt of the written grievance, or within ten (10) calendar days of the date the meeting is held, whichever comes later, respond in writing to the grievant and the Union, specifying his/her reason(s) for concurring with or denying the grievance.

Step III Director, Employee Relations/Designee

482. If the decision of the department head/designee is unsatisfactory, the Union may, within fifteen (15) calendar days after receipt of the Department's decision, submit the grievance in writing to the Employee Relations Director.
483. The Director or designee shall have fifteen (15) calendar days after receipt of the written grievance in which to review and seek resolution of the grievance and respond in writing.
484. Subject to applicable law, the Director of Employee Relations shall have authority to settle grievances at this step.

Step IV Final and Binding Arbitration

485. Should there be no satisfactory resolution at Step III, the Union has the right to submit and advance the grievance to final and binding arbitration within thirty (30) calendar days of receipt of the Step III response. On an annual basis, the City and the Union shall establish a Standing Arbitration Panel by each submitting a list of seven (7) arbitrators. In any grievance referred to arbitration, the parties shall alternately strike from said List until a single name remains, and said arbitrator shall be designated to hear the matter. Whether the Union or City deletes the first name in the alternating process shall be determined by lot.
486. Except when a statement of facts mutually agreeable to the Union and City is submitted to the arbitrator, it shall be the duty of the arbitrator to hear and consider facts submitted by the parties.
487. The City and the Union must commence selecting the arbitrator and scheduling the arbitration within thirty (30) calendar days of ERD's receipt of the Union's arbitration request. The parties agree to recommend to the selected arbitrator that the hearing be scheduled within ninety (90) calendar days of his/her selection. Should the designated arbitrator be unable to comply with this requirement, the parties shall by mutual agreement commence contacting other arbitrators on the panel, beginning with the last struck, until an arbitrator is selected who will meet such requirement.
488. The arbitrator shall have no authority to add to, subtract from, or modify the terms of this Agreement.
489. The parties shall encourage the arbitrator to make his/her awards within forty-five (45) calendar days following the receipt of closing arguments or briefs. The decision of the arbitrator shall be final and binding on all parties.
490. Each party shall bear its own expenses in connection therewith. All fees and expenses of the arbitrator and court reporter and report, if any, shall be borne and paid in full and shared equally by the parties. Transcript costs shall be paid separately by the party requesting the transcript. If parties mutually request, and the arbitrator agrees, a court reporter may not be required.

491. Individuals who may have direct knowledge of the circumstances relating to the grievance may be present at the request of either party at the hearing. In the case of employees of the City, they shall be compensated at an appropriate rate of pay for time spent.

Expedited Arbitration

492. Suspensions up to and including fifteen (15) days and written warnings shall be processed through an expedited arbitration proceeding. By mutual written agreement entered into, before or during Step III of the grievance procedure, the parties may submit other grievances to this expedited arbitration process. At least one day each month will be used for these grievances. The expedited arbitration shall be before an arbitrator to be mutually selected by the parties who shall serve until the parties mutually agree to remove him/her or for twelve (12) months, whichever comes first. Alternatively, at the time of the selection of the arbitrator, either party may request a list of seven (7) appropriately experienced arbitrators from the American Arbitration Association from which the arbitrator will be selected by the method of striking names. The parties shall not use briefs. Every effort shall be made to have bench decisions followed up by written decisions. These decisions will be final and binding, and shall not be used in any other cases except those of the grievant involved. Transcription by a certified court reporter shall be taken but shall be transcribed only at the direction of the arbitrator.
493. Each party shall bear its own expenses in connection therewith. All fees and expenses of the arbitrator and court reporter and report, if any, shall be borne and paid in full and shared equally by the parties.
494. In the event that an expedited arbitration hearing is canceled resulting in a cancellation fee, the party initiating the request or causing the cancellation shall bear the full cost of the cancellation fee, unless a mutually agreed upon alternative is established.

Rights of Individuals

495. An employee may not be disciplined or discharged without just cause and without written notice of the intended action. The City agrees to follow the principles of progressive discipline.
496. Employees who are released or disciplined during their initial probationary period or during any probationary period established by this Agreement, may appeal the release or discipline provided that the grounds for the grievance or appeal shall be limited to a claimed violation of the provisions of Article II.A. (Discrimination Prohibited or Reasonable Accommodation). In such an appeal the employee shall bear the burden of proof with respect to the claimed violation.
497. Employees covered by this agreement with temporary status shall be subject to termination or dismissal for just cause only, and the rights described in these sections of the Agreement, including the right to expedited or regular arbitration, in the appropriate case, upon their completion of six (6) months of service.

- d. The right to respond, either orally or in writing, to the authority initially imposing the discipline.

500. The Skelly meeting shall be presided over by a management representative who is not the employee's immediate supervisor unless the Department provides the opportunity for the employee to seek administrative review of the Skelly Officer's recommendation prior to the Appointing Officer taking final disciplinary action.

B. PERSONNEL FILES

501. Only one (1) official personnel file shall be maintained on any single employee. The official file shall be located in the Department's personnel office unless another location is designated and the employee notified in writing. Each employee shall have the right to review the contents of his/her official personnel file upon request. Nothing may be removed from the file by the employee but copies of the contents shall be provided to the employee at his/her request. Copies in excess of 100 pages shall be at a charge of 10 cents per page.

502. With the written permission of the employee, a representative of the Union may review the employee's personnel file when in the presence of a departmental representative and obtain copies of the contents upon request. Copies in excess of 100 pages shall be at a charge of 10 cents per page.

557. Employees shall not be subject to discipline or retaliation for exercising any rights under this Section unless it is finally determined that the employee's complaint was a gimmick, e.g., was made or pursued in bad faith or for ulterior motives unrelated to the merits of the dispute.
558. The Union may employ or assign its own safety consultant to investigate the situation in conjunction with the City's in-house officer. If after consultation between the two, the dispute remains unresolved, it shall be submitted for final determination to a neutral arbitrator selected pursuant to the provisions of the section covering Expedited Arbitration (page 78) or another mutually agreed upon third party.

Sick Leave without Pay

615. Sick leave without pay may be approved for employees for the period of the illness provided that requests for prolonged leave shall be renewed every six (6) months and provided further that such leave shall not be extended beyond a period of one (1) continuous year unless a designated physician advises that there is a reasonable probability that the employee will be able to return to employment.

1. Prohibition Against Employment While on Sick Leave Without Pay

616. Employees are prohibited from working in any other employment when on sick leave without pay unless, after considering the medical reason for the sick leave without pay, the appointing officer grants permission for the employee to engage in outside employment.

Compulsory Sick Leave

617. An appointing officer or designee who has reason to believe that an employee is not medically or physically competent to perform assigned duties, and if allowed to continue in employment or return from leave may represent a risk to co-workers, the public and the employee, may require the employee to present a medical report from a physician designated by the Human Resources Director certifying the employee's medical or physical competency to perform the required duties.

618. The appointing authority shall notify the employee in writing of the specific incidents or behavior that is considered to cause risk to co-workers, the public or the employee.

619. If the employee refuses to obtain such physician's certificate or if as a result of a medical evaluation, the employee is found not to be medically or physically competent, the appointing officer or designee may place the employee on compulsory sick leave and shall immediately report such action to the Human Resources Director. If the examining physician determines that the employee is not medically or physically competent and recommends the imposition of sick leave, the physician shall specify the duration of such leave.

620. At the request of the employee, the appointing authority or designee at the level of Departmental Manager shall meet with the employee - and if the employee requests, a representative of the Union - prior to the imposition of a compulsory leave. The employee shall be informed of his/her right to have a representative present.

621. Written notice of the imposition of compulsory leave shall be sent to the employee prior to the effective date of the leave.

Appeal of Imposition of Compulsory Sick Leave Following Re-examination

622. An employee placed on compulsory sick leave may appeal the imposition of compulsory sick leave to the Human Resources Director within fifteen (15) calendar days of the effective date of the leave. The Human Resources Director shall appoint a medical specialist not in the City and County service who practices in the City and County of San Francisco, to conduct an evaluation and to report the findings. This evaluation shall be conducted at the cost of the City and County. The decision of the medical specialist shall be final and no further appeal shall be allowed. If the medical specialist confirms the compulsory sick leave, the specialist shall specify the duration of the leave.

623. An employee may remain on compulsory sick leave until such time as the employee is found to be competent to return to duty by a physician designated by the Human Resources Director. The compulsory sick leave may be abridged with the approval of the physician designated by the Human Resources Director.

Disability Leave

624. An employee who is absent because of disability leave and who is receiving disability indemnity payments may request, by submitting a signed option statement to the employee's department following the release from disability leave, that the amount of disability indemnity payment be supplemented with salary to be charged against the employee's supplemental disability credits so as to equal the full salary the employee would have earned for the regular work schedule. The regular work schedule shall be that schedule in effect at the commencement of the disability leave.
625. Supplemental disability credits shall be an account separate from, but equivalent to, the employee's accumulated unused sick leave with pay credit balance except that the supplemental disability credit account shall be adjusted as provided below.
626. Failure to exercise the option to supplement disability indemnity payments within 90 calendar days following release from disability leave will preclude later requests.
627. Supplemental disability credits shall be used at the minimum rate in units of one hour.
628. The employee's department shall submit separate timerolls to reflect this action only after the Retirement System certifies the amount of disability indemnity payment, if any, for the period.
629. Salary may be paid on regular timerolls and charged against the unused sick leave with pay credit balance during any period prior to the commencement of the determination of eligibility for disability indemnity payment without requiring a signed option by the employee.
630. When an employee has used sick leave with pay credits and the Retirement System subsequently determines that the employee was entitled to disability indemnity payment for the period of absence, provision shall be made for adjusting the employee's sick leave with pay credit balance and for reimbursing the appropriate City fund for the amount of sick leave with pay credits charged and paid.
631. An employee who uses supplemental disability credits to supplement disability indemnity payments shall, while on disability leave, earn supplemental disability credits at the same rate as sick leave with pay credits.
632. Upon return to duty, an employee who has used supplemental disability credits shall earn sick leave with pay credits at the normal rate and shall earn supplemental disability credits at twice the rate that sick leave with pay credits are earned until such time as the total hours of supplemental disability credits used are regained.
633. Should an employee suffer a recurrence or a new injury before all supplemental disability credits are regained, the supplemental disability credit balance shall be that balance existing at the beginning of the pay period in which the recurrence or new injury occurs and shall be adjusted for the amount of supplemental disability credits subsequently earned and sick leave with pay credits subsequently used.

Use of Sick Leave with Pay Credits to Supplement State Disability Insurance

634. Sick leave with pay credits shall be used to supplement State Disability Insurance (SDI) at the minimum rate in units of one hour.
635. Vacation, CTO, or other paid time as well as SDI payments to an employee who qualifies and who has accumulated and is eligible to use sick leave with pay credits shall be supplemented with sick leave with pay credits so that the total of SDI and sick leave with pay calculated in units of one-hour provides up to , but does not exceed, the regular take home salary the employee would have received (excluding voluntary or optional deductions) for the normal work schedule excluding overtime.
636. An employee who wishes not to supplement, or who wishes to supplement with compensatory time or vacation, must submit a written request to the appointing officer or designee within seven calendar days following the first date of absence.
637. Employees who are supplementing SDI earn sick leave with pay credits at the normal rate only for those hours of sick leave with pay credits used.

Leave for Employment as an Employee Organization Officer or Representative

648. Leave for permanent appointees may be approved for the duration of such service.

Family Care Leave

649. Permanent employees who have one or more years of continuous service in any status may be granted up to one year of unpaid family care leave for the following reasons:

650. 1) The birth of a biological child of the employee;

651. 2) The assumption by the employee of parenting or child rearing responsibilities. Family care leave does not apply to an employee who temporarily cares for a child for compensation, such as a paid child care worker;
652. 3) The serious illness or health condition of a family member of the employee, the employee's spouse or domestic partner, a parent of the employee or the employee's spouse or domestic partner, the biological or adoptive child of the employee, or a child for whom the employee has parenting or child rearing responsibilities; or
653. 4) The mental or physical impairment of a family member of the employee, the employee's spouse or domestic partner, a parent of the employee or the employee's spouse or domestic partner, the biological or adoptive child of the employee, or a child for whom the employee has parenting or child rearing responsibilities, which impairment renders that person incapable of self-care.

An employee who is summoned to serve as a witness in cases which involve outside employment or personal business affairs shall be placed on leave without pay unless vacation leave or compensatory time is requested.
656. Paid witness or jury duty leave shall be only from an employee's scheduled duty time and shall not include hours outside of scheduled hours of work or on days off. But employees shall not be expected to work on any shift on days they have served as a witness or on a jury.

Personal Leave

660. Personal leave for permanent employees may be approved for a period of up to 12 months within any two-year period.

B. RETURN TO WORK

661. The City will make a good faith effort to return an employee who is pregnant or who has sustained an injury or illness and whose doctors certify that he or she is temporarily unable to perform specified aspects of his or her regular job duties to temporary modified duty within the employee's medical restrictions. Duties of the modified assignment may differ from the employee's regular job duties

and/or from job duties regularly assigned to employees in the injured employee's class. Where appropriate modified duty is not available within the employee's classification, on the employee's regular shift (including regular days off), and in the employee's department, the employee may be temporarily assigned pursuant to this section to work in another classification, on a different shift (including different days off), and/or in another department. The City will make a good faith effort to avoid assigning the employee to work on a different shift or different days off, and will appropriately train the employee for the new assignment. After a period of three (3) months, the parties shall evaluate the modified duty assignment in conjunction with the employee's medical restrictions. It is understood that modified duty assignments are temporary only.

662. An employee who is absent because of an occupational or non-occupational disability and who is receiving Temporary Disability, Vocational Rehabilitation Maintenance Allowance, State Disability Insurance, may request that the amount of disability indemnity payment be supplemented with salary to be charged against the employee's accumulated unused sick leave with pay credit balance at the time of disability, compensatory time off, or vacation, so as to equal the normal salary the employee would have earned for the regular work schedule.
663. An employee who wishes not to supplement, or who wishes to supplement with compensatory time or vacation, must submit a written request to the Appointing Officer or designee within seven (7) calendar days following the first date of absence. Written requests made subsequent to this time shall be effective at the start of the payroll period following the request. Disability indemnity payments will be automatically supplemented with sick pay credits (if the employee has sick pay credits and is eligible to use them) to provide up to the employee's normal salary unless the employee makes an alternative election as provided in this section.
664. Salary may be paid on regular time-rolls and charged against the employee's sick leave with pay, vacation, or compensatory time credit balance during any period prior to the determination of eligibility for disability indemnity payment without requiring a signed option by the employee.
665. Sick leave with pay, vacation or compensatory time credits shall be used to supplement disability indemnity pay at the minimum rate of one (1) hour units.
666. Notwithstanding any other provision of this Agreement, the supplemental disability income credit program shall continue in effect during the term of this Agreement, except that the employee's pay shall be supplemented under the program up to the employee's approximate net pay rather than gross pay.

C. FAMILY MEDICAL LEAVE

667. The parties acknowledge the obligation of the City to enforce the rules and regulations set forth in the Family Medical Leave Act and the California Family Rights Act.

ARTICLE VIII– SCOPE

A. FINALITY OF AGREEMENT

668. This Agreement sets forth the full and entire understanding of the parties regarding the matters herein. This agreement may be modified, but only in writing, upon the mutual consent of the parties.
669. In the event management seeks to institute a change in methods or operations within the scope of representation under state law or the charter which it believes is not covered by this Agreement, the parties shall begin to meet and confer as required by state law within fifteen (15) working days from the date receipted written notice is received by the Union at the affected Union's executive offices. Said notice shall state the proposed change, an explanation of the reason(s) for said change, as well as the effect on represented employees that would result.
670. Management, except in the event of an emergency as defined by state law, shall advise the union of the date of the intended implementation of such proposed change, which shall be no sooner than forty (40) working days from the date receipted written notice is received by the Union.
671. In the event the parties do not reach agreement thereon, the union may grieve and take to expedited arbitration such disagreements as it may have. The authority of the arbitrator is to determine:
672. 1. Whether the city's proposed change(s) violate the terms of this agreement and, if so, what shall be the remedy;
673. 2. To determine whether there are negative practical consequences of any such proposed changes on wages, hours benefits or other terms and conditions of employment as to which the parties have not agreed and, if so, how such consequences shall be dealt with. The arbitrator, in making that determination, has no authority to negate the change of methods or operations.
674. 3. The Employee Relations Ordinance in the Administrative Code shall not apply to the application of this section.
675. 4. Failure by either party to engage in meeting and conferring in accordance with this provision will result in forfeiture of such party's rights under this section.
676. 5. Nothing in this agreement shall have application to changes of Civil Service rules excluded from bargaining pursuant to Charter Section A8.409-3 except as they may affect compensation.

B. SAVINGS CLAUSE

677. Should any part hereof or any provisions herein be declared invalid by a court of competent jurisdiction, such invalidation of such part or portion of this Agreement shall not invalidate the remaining portions hereof and the remaining portions hereof shall remain in full force and effect for the duration of the Agreement.

C. HOLD HARMLESS

678. The Union shall assume the defense of, indemnify and hold the City harmless from any and all claims, demands, suits, or any other action arising from agency shop provisions herein, or from complying with any demand for termination hereunder.

D. DURATION OF AGREEMENT

679. This Agreement shall be effective as of July 1, 2000, subject to the provisions of paragraph 680 below, and shall remain in full force and effect through June 30, 2003 and from year to year thereafter unless either party serves written notice on the other at least sixty (60) days prior to June 30, 2003 or June 30th of any subsequent year of its desire to open the Agreement for the purpose of meeting and conferring on proposed changes.

680. The effective date of those provisions herein that have been determined by the arbitration board established pursuant to Charter Section A8.409.4 shall be the date that the board issues its decision.

TERM OF AGREEMENT

This agreement shall become effective July 1, 2000 and remain in effect through June 30, 2003.

Departmental Supplementary Agreement
Between
Public Transportation Department
And
Service Employees International Union Local 790
CLASSES 9110 and 9116

This Departmental Supplementary Agreement is between and for the City and County of San Francisco Public Transportation Department and SEIU Local 790, covering Classes 9110 and 9116, the Fare Collection Receiver series.

SECTION 1. SENIORITY

- A. Permanent employees will have seniority over temporary employees: Seniority will be determined by the starting date of permanent employment in the classification. In the event of a tie, seniority will be determined by the rank on the eligible list. If no eligible list exists, seniority will be determined by drawing lots. The order of seniority shall be as follows:
- 1) Permanent
 - 2) Temporary
- B. Employees shall not receive seniority credits for leave periods which exceed one year.

SECTION 2. SHIFT BIDS

- A. Shift bids will be conducted every six months, to start October 1 and April 1, unless either an abridgement or extension is mutually agreed to by both the Union and the Revenue Department Manager. The Revenue Department will meet and confer over the shift bid one month prior to delivery of the shift bid package to the employees.
- B. Shift bids will include days off, shift-times, all jobs for all personnel. Jobs involving fare extraction assignments will rotate weekly during the period covered by the bid. The schedule for rotating personnel will be distributed as soon as possible but no later than the Monday prior to the scheduled work week.
- C. Shift bids will be conducted with the most senior employees bidding first; however, employees who do not submit shift bids will drop to the bottom of the list and will bid on those shifts not filled.

D. Training will be provided at the request of any employee who successfully bids on a job he or she may be unfamiliar with; training will consist of not more than seven (7) working days except as follows:

1. Training to operate:

- a. Forklifts
- b. Heavy Duty Vehicles

Which shall be for no less than 10 consecutive working days within a 14 calendar day period.

2. Receiver at Cable Car:

This training will consist of three (3) consecutive days on the shift being trained, to insure that any and all details of shift work are learned.

3. After such training, the Shift Supervisors will ascertain that the trainee is fully trained by accompanying trainee on a field trip or reviewing work performed as a cable car receiver. If the Department wishes to reassign an employee after the training period and a minimum assignment of 30 calendar days on the job (including the training period), the Department will offer to such employee an employee conference to be held at least three working days prior to the proposed reassignment. If requested by the employee, a representative of the Union may be present. At the conclusion of said conference, the Department may declare such employee reassigned and his or her position vacated.

E. Between sign-ups any vacated position(s) to be filled will be offered to remaining employees through the bidding process based strictly on seniority. If the position(s) vacated is caused through reassignment(s), the reassigned employee(s) will be assigned to the position(s) that becomes available as the result of the bidding process.

F. If a 9116 position remains unfilled after completion of the sign-up or becomes vacant between sign-ups, the vacancy may be filled by the assignment of, in inverse seniority order, qualified employees as determined by the Revenue Department Manager. The reassigned employee(s) will be given a notice of assignment at least 14 calendar days in advance of the reassignment.

G. If new shifts become available or are deleted between sign-ups, the Revenue Department Manager will conduct a new sign-up as described in Section 2.E.

H. Subject to emergencies, there will be regular relief personnel for each Cable Car shift plus as many back-up personnel as the Revenue Department deems necessary.

SECTION 3. OVERTIME HOLIDAY PAY

- A. For purposes of this section the four work units are: Fare Extraction, Revenue Center, Pass Unit, and Cable Car.
- B. Holiday sign-ups will be held 30 calendar days prior to each scheduled holiday. The holiday sign-ups will be based on classification seniority within units as defined in Section 3A. The employee shall have the right to refuse the holiday work should the need arise. The Department will make an effort to offer holiday work to the next senior volunteer. If that effort is unsuccessful, the Department may then assign the work based on inverse order of seniority.
- C. The Department will make an effort to offer all overtime to the most senior employee on RDO assigned to the unit requiring overtime. The limit for each employee is 16 hours per pay period and/or a maximum of 200 hours per calendar year. These limits can only be exceeded upon prior approval of either the Revenue Division Manager or the Supervising Fiscal Officer. At Cable Car, the Revenue Department will offer 4-4 overtime shifts if both affected receivers can be contacted and both receivers agree to the 4-4 overtime shift. If this is not possible, an employee will be assigned by the Revenue Manager to work the required overtime.
- D. Employees will be allowed to accumulate compensatory time off when it is received in increments under 8 hours in order to take a full day off at a time they request. Requests will be granted in accordance with Section 4A of this agreement.
- E. The Revenue Manager will provide a copy of the overtime and holiday records of all Revenue employees to the Chief Steward.

SECTION 4. REQUESTS FOR TIME OFF

- A. The Revenue Department will grant requests for paid and unpaid time off (single days) as long as they are requested within five (5) working days of the requested time off during the current sign-up period. Permission will be limited on any one day to the first requesting employee in the Revenue Center; the first requesting employee in the Pass Unit; and the first two (2) requesting employees in Fare Extraction.
- B. The Department shall hold a vacation sign-up during the second month of each year. The final vacation list will be posted no later than April 1.

The requests will be honored based on classification seniority within units. Units are defined as Fare Extraction, Pass Unit, Revenue Center, and Cable Car.

The employee shall have the right to cancel the vacation should the need arise but the employee will then be allowed vacation "time" as determined by the Revenue Manager.

In the event two or more employees within a unit sign up for the same dates, seniority will prevail. The Revenue Department Manager will determine how many employees can be granted vacation during the same period but each employee must be offered his or her amount of annually earned vacation.

Those employees who fail to sign-up within the deadline will be allowed vacation time as determined by the Revenue Manager, but must be offered his or her amount of annually earned vacation.

A copy of the final vacation list will be forwarded to the Chief Steward.

SECTION 5. NOTIFICATION OF STARTING TIMES

- A. The Revenue Department, when determining the starting time for those employees with rotating shift assignments, will provide the Sunday to Saturday assignments on the preceding Monday for the following week. Employees not assigned to work on Monday may call the Revenue Center for their assignment schedule.
- B. The employees must give the Revenue Department a minimum notice of one hour when requesting sick leave and a minimum notice of four hours when requesting a return to duty from sick leave. If the one hour notice is not received, the employee will be placed on unpaid leave. If the four hour notice is not received, the employee will remain on leave for that shift.
- C. Starting times for each day will not be changed without at least twenty-four hours notice or only with the consent of the employee, except in emergencies. Once an employee has reported for duty and the Revenue shift Supervisor desires to reassign the employee to another Revenue worksite, the Revenue Department will provide transportation to and from the new Revenue jobsite unless employee elects to use own vehicle.

SECTION 6. UNION ACCESS

- A. The Union representative shall be granted access to the Money Room under reasonable circumstances. Access must be pre-arranged with the Revenue Manager.

SECTION 7. PHONE CALLS

Revenue Supervisors, upon the request of any employee, shall use a reasonable effort to transfer phone calls to the employee's work area or give the number where the employee can be reached.

This requirement shall in no way interfere with the Revenue Supervisor's right to enforce work standards or performance. Failure to transfer a phone call shall not be actionable or grievable.

SECTION 8. SHIFT PATTERNS

The Revenue Department agrees to meet and confer with Local 790 regarding proposed shift patterns or schedule changes and will consider alternate proposals submitted by the Union.

SECTION 9. FAST PASS SALES

When selling fast passes, employees shall not have any deductions made from their wages or be required to reimburse the Department for any shortage or loss unless caused by dishonesty.

SECTION 10. CHANGES OF PROCEDURES

When the Department proposes to change procedures and/or working conditions, it will give at least 48 hours notice to those employees affected, except in case of emergency. This notice will be in writing and signed by the employee (s) receiving them or annotated that the employee(s) refused to sign. Copies of these notices will then be given to the Union.

SECTION 12. DISCIPLINARY ACTIONS

When an employee receives any disciplinary notice or action from the Department, the Union shall be notified at the time of such action. The Union will be notified of any disciplinary conference to be held with an employee.

SECTION 13. NO WORK STOPPAGES

It is mutually agreed and understood that during the period this MOU is in force and effect, the Union will not authorize or engage in any strike, sympathy strike, slowdown or work stoppage. Represented employees are also bound by the above. The City agrees not to conduct a lockout against any of the employees covered by this MOU during the term of this agreement.

SECTION 14. TERM

This Departmental Supplementary Agreement will remain in effect until June 30, 2003 and will be re-negotiated at that time.

Official Representatives. For any section with fifty (50) SEIU represented employees or less, only one individual from any single work unit at SFIA will be designated as the official representative. For those sections with more than fifty (50) SEIU represented employees, one (1) representative from each shift may be designated as official representatives. Alternates within the same work unit may be designated. Alternates may only be granted release time when the primary representative is unavailable.

The Union must notify the Airport Human Resources Office of the names of employees for whom they are requesting official release time along with pertinent dates, times and locations. All requests must be submitted at least three (3) business days in advance of the requested date.

Bulletin Boards/Union Access/General Information

The parties shall consider, and include within their final Agreement, of whatever nature the following factors: (a) the necessity of distinguish the Police Service Aides employees from non-police traffic control employees at the Airport; (b) the fact that the vest or belt must clearly identify the wearer as a member of a law enforcement agency; (c) and that the fit and material of the vest or belt be light weight and non-restrictive as feasible, consistent with its purpose.

POLICY CONCERNING SUBSTANCE ABUSE

I. General Policy Applicable to Airport Commission Employees

- A. Employees are required to notify the Airport Human Resources Department in writing of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days following such conviction. Failure to make this notification may result in disciplinary action, up to and including discharge.

- B. It is also the Airport's policy that the use of controlled substances and alcohol by any employee while on the job is prohibited and provides the same penalties for violation as set forth above. The definition of "use" is not limited to actual consumption of controlled substances and alcohol (or any other means of introducing such drugs or alcohol into one's system) while on the job; "use" also is defined to include evidence of the presence at the levels indicated in Appendix A, of controlled substances or alcohol in an employee's system while on the job, irrespective of when the substance may have been consumed by the employee or otherwise introduced into the employee's system. In the case of alcohol, use is further defined later in this document.

- C. In certain circumstances, alcohol and drug addictions may be considered illnesses. If an employee suspects that he or she has an alcohol or drug problem, help is readily available to the employee and his/her family if the employee self-identifies as outlined in D. below before commencement of an investigation or disciplinary process. Employees coming forward under these circumstances will not be disciplined absent other issues (e.g. using drugs while on duty). Information on professional and self-help programs for intervention when a substance abuse problem is suspected is available from the City's Employee Assistance Program ("EAP") and the Airport Human Resources Department.

- D. Under conditions described below, the Airport will assist employees who identify themselves to the Airport as having a drug and/or alcohol problem and demonstrate their willingness to seek and accept professional help for their addiction.
 - 1. Such assistance might include granting the employee a leave of absence, if such leave is determined to be necessary by substance abuse professionals, to obtain treatment for or help with the problem.

 - 2. An employee who self-identifies and fulfills his or her obligations for rehabilitation as recommended by an Airport-authorized Substance Abuse Professional ("SAP") may be subject to return-to-duty and follow-up testing as described in Section II.I.

 - 3. The employee must self-identify to an Airport supervisor prior to being approached by Airport managerial personnel with reasonable suspicion that the employee has a substance abuse problem causing unacceptable on-duty

behavior or prior to being asked to submit to a drug or alcohol test. Self-identifying after notification of a drug or alcohol test will not relieve the employee of the requirement to take a test, nor will it be cause to prevent the implementation of disciplinary action on the basis of the results of the test or refusal to be tested. Likewise, an employee's self-identification following any conduct which constitutes a violation of this policy will not prevent disciplinary action.

4. The Airport has designated the Airport Human Resources Director as the contact person responsible for answering questions about this Policy and programs to assist employees.

E The Airport retains all rights under the Civil Service Commission Rules and/or the Collective Bargaining Agreement if applicable to place employees on compulsory sick leave for on-the-job behavior that jeopardizes the safety of themselves or others.

II. Policy of Testing for Reasonable Suspicion

A. The Airport may test with reasonable suspicion for the presence of alcohol and or controlled or illegal drugs at levels set forth in Appendix A, for the following classifications:

8202 Security Guard
9202 Airport Communications Dispatcher
9203 Senior Airport Communications Dispatcher
9204 Airport Communications Supervisor
9209 Airport Police Service Aide
9212 Airfield Safety Officer
9220 Airport Operations Supervisor

B. The Airport may test all employees under the reasonable suspicion for the presence of alcohol.

C. Purpose - The purpose of reasonable suspicion testing is to provide management with a method of identifying employees who may pose a danger to themselves and others in their performance of their job duties because of their use of drugs or alcohol, or both. Employees may be at work in a condition that raises concern regarding their safety. A supervisor must make a decision as to whether reasonable suspicion exists to conclude that substance abuse may be causing the behavior. The supervisor making this determination will be trained in the facts, circumstances, physical evidence, physical signs and symptoms, or patterns of performance and/or behavior that are associated with use.

- D. Reasonable suspicion testing will be administered when a supervisor who has received training as set forth in II.C. above observes covered employee behavior indicating possible drug use or alcohol misuse.
1. The supervisor must observe and describe specific behavioral, performance, or contemporaneous physical indicators of probable drug use or alcohol misuse. Upon making such observation, the supervisor will determine whether he or she believes the employee to be using drugs or misusing alcohol and order the employee to undergo testing as appropriate.
 2. The supervisor will obtain the opinion of a second trained supervisor, if circumstances permit. If both supervisors agree that reasonable suspicion exists, the employee will be escorted to the collection site by a supervisor and will be provided transportation home after testing is completed. The employee may, at his or her request, instead of being tested, be evaluated by a medical physician at SFO Medical Services, if a physician is available. However, such an examination may involve diagnostic tests, including the drawing of blood or urine. If a physician is unavailable, the employee shall submit to the required test.
 3. An employee who is tested for reasonable suspicion where the results are not available immediately will be placed on administrative leave without pay pending receipt of the test results. If the employee passes the test(s), all lost pay shall be restored to him or her, unless there was conduct which may supply an independent basis for disciplinary action.
 4. Testing will cover the substances listed in Section III.F.1. below.
- E. Procedures for reasonable-suspicion testing are described in Sections III.F. and G- below.
- F. Employees employed in "safety sensitive" positions as described in Section III.A., who test positive may be subject to return-to-duty and follow-up testing as described in Section III.H.

III. Policy Applicable to Safety-Sensitive Employees

A . The Airport has determined that the following classifications are subject to this section:

- 9202 Airport Communications Dispatcher
- 9203 Senior Airport Communications Dispatcher
- 9212 Airfield Safety Officer
- 9220 Airport Operations Supervisor

The Parties hereby acknowledge and recognizing that to the extent that federal law mandates that more stringent standards or procedures apply to Airport employees, those standards and procedures shall supersede those set forth herein. The Airport shall advise the Union of its determination that higher standards must apply, and will meet and confer with the Union regarding any impact of such a determination on matters within the scope of bargaining. Nothing herein shall constitute a waiver of the Union's right to challenge any Airport determination that higher standards must apply through available judicial processes.

B. No employee may perform a safety-sensitive function when that employee has a prohibited drug, or an alcohol concentration of 0.02 or more, in his or her system. Employees who are covered by this section currently include all persons in the following job classifications:

- 9202 Airport Communications Dispatcher
- 9203 Senior Airport Communications Dispatcher
- 9212 Airfield Safety Officer
- 9220 Airport Operations Supervisor

C. An employee in a safety-sensitive position may not consume alcohol for at least eight hours following an accident or until the employee undergoes a post-accident alcohol test, whichever occurs first.

D. Possessing or consuming alcohol while on Airport property is also a violation of this Policy, with the following exceptions:

1. Consumption, possession, sale or purchase of alcohol in certain approved restaurant, cocktail, conference or recreational facilities of the Airport when employees are not on working time and or not in uniform; and
2. Possession of alcohol in sealed containers in an employee's private vehicle on Airport property or while being transported in compliance with applicable legal requirements.

- E. The Airport recognizes that confidentiality of information obtained in the drug and alcohol testing process is a critical concern to all employees who have been or will be tested. The Airport will handle test results and employee information in a confidential manner. All participants in the collection, testing and reporting process will be informed of their responsibility to protect the employee's privacy and testing program confidentiality. Testing records and results will be released only to the limited designated personnel authorized to receive such information.
- F. All employees performing safety-sensitive functions, as provided in III.A. above, shall be subject to urine drug testing and alcohol testing by an evidential breath testing (EBT) device, for reasonable suspicion (see G. below), following an accident (see H. below), on a random and unannounced basis, and prior to return to duty and on a follow-up basis after rehabilitation (see I. below).
1. Drugs to be tested for include marijuana, cocaine, opiates, phencyclidine (PCP), and amphetamines. Alcohol concentration is measured by EBT.
 2. If an employee in a safety-sensitive position refuses to take a required drug or alcohol test, tests positive for any of the above-listed drugs, or shows an alcohol concentration of 0.04 or greater, such employee shall be immediately relieved of his or her safety-sensitive functions, shall be referred to the Medical Review Officer ("MRO"), and may be subject to discipline based on the facts of the case, up to and including discharge.
 3. If an employee tests positive for alcohol with an alcohol concentration of at least 0.02 but less than 0.04, that employee shall immediately be removed from service; said employee shall be counseled, and shall be advised to seek professional help in the event he/she may have a substance abuse problem. More than one instance of showing an alcohol concentration in this range will subject an employee to more serious disciplinary action. If an employee is seen drinking alcohol while on duty, the employee may be subject to serious discipline, up to and including discharge for the first offense.
 4. If an employee adulterates a specimen for drug or alcohol testing or otherwise falsifies or attempts to falsify the testing process or results, such employee will be subject to severe discipline.
- G. "Reasonable suspicion" testing as used in this policy means a drug or alcohol test required when a supervisor or manager reasonably suspects an employee of using a prohibited drug or alcohol while on the job, and when a second trained supervisor or manager, if one is available, agrees that reasonable suspicion exists.
- H. "Post-accident" testing as used in this policy means a drug or alcohol test required in the event of an occurrence (accident), in which an individual dies, or any nonfatal accident involving an Airport vehicle in which an individual is injured and

immediately receives medical treatment away from the scene, or in which one or more vehicles involved sustains disabling damage as a result of the occurrence and must be towed away. A post-accident drug test will be administered to an employee or employees when an accident, as defined above, has occurred and the employee performed a safety-sensitive function that either contributed to the accident or cannot be completely discounted as a contributing factor in the accident. An employee will be subject to alcohol testing in a post-accident situation only when the employee's conduct causes a supervisor or manager reasonably to suspect that the employee may be under the influence of alcohol.

- I.. "Return-to-duty" testing as used in this policy means a drug or alcohol test required when the Airport allows an employee who did not pass a drug or alcohol test to return to work or when an employee has self-identified before any testing is required and has successfully completed an appropriate rehabilitation program. The SAP must determine that the employee may return to duty. Employees returning to duty as described in this paragraph may be given unannounced "follow-up" drug or alcohol tests, or both, if recommended by the SAP. Such follow-up tests shall not exceed a two year period, unless special circumstances prompt the SAP to recommend an extension of this period.

IV. Drug and Alcohol Testing Procedures

A. Pre-Employment Testing

1. Purpose - The purpose of pre-employment testing is to identify applicants who have consumed a prohibited drug in the recent past. This behavior has the potential to impact the workplace and may present an unacceptable safety risk to the employee, coworkers, passengers, and the general public. The Airport will not hire an applicant who tests positive in a pre-employment drug test.
2. Coverage – Applicants, except current City employees, seeking the following positions will be required to submit to urine drug testing as part of the selection process:
 - a. Candidates applying for the following positions are subject to pre-employment drug testing:
 - 8202 Security Guard
 - 9202 Airport Communications Dispatcher
 - 9203 Airport Senior Communications Dispatcher
 - 9204 Airport Communications Supervisor
 - 9209 Airport Police Services Aide
 - 9212 Airfield Safety Officer
 - 9220 Airport Operations Supervisor

- b. Applicants, except current City employees, for classifications whose incumbents must obtain security clearances because of their access to areas secured by U.S. Customs will also be subject to pre-employment testing. Such classes currently include:

2708	Custodian
2716	Custodial Assistant Supervisor
2718	Custodial Supervisor I
2719	Janitorial Services Assistant Supervisor
7268	Window Cleaner Supervisor
7392	Window Cleaner

- c. Applicants who test positive, or who decline to be tested, will not be further considered.
- 3. Pre-employment drug testing shall be administered only after the candidate has been given and has accepted a conditional job offer. The conditional offer shall specify that a final offer shall be conditioned upon, among other things, negative drug test results.
 - 4. Collection and testing procedures for pre-employment drug testing will be the same as for other types of testing as described in paragraph F, as applicable to the circumstances, except that the individual will not be escorted to or from the collection site.

B. Random Testing

- 1. The Airport will administer random drug tests to employees in classifications listed in Section III.A. of the Policy Concerning Substance Abuse Random drug tests will be conducted without advance notice during employees' normal working hours.
 - a. All employees will be placed in a random testing pool, from which random selection shall be made. The Human Resources Director or his/her designed representative shall notify said employees in as confidential manner as reasonably possible.
 - b. The random numbers or other identifiers assigned to all employees who have been selected for random testing shall be immediately returned to the pool, so that everyone has an equal chance of being selected for the next round of testing.

2. The Airport will annually require at least 25% of the covered employees to undergo drug testing, except that the Airport Director may revise the testing rate after reviewing data concerning the rate of positive tests in the previous calendar year. Random testing will be conducted throughout any given year at a relatively steady rate, although the days of the week and the times when testing is conducted will vary.

C. Reasonable Suspicion Testing All employees shall be subject to reasonable-suspicion testing in classifications set forth in Section II.A. and B.

D. Post-Accident Testing

1. Purpose - The purpose of post-accident drug testing is to determine whether substance abuse has been a causative factor in an accident in which an individual dies or is injured or disabling damage occurs to one or more vehicles involved. Although the first concern is the health of any accident victim(s), post-accident drug and alcohol tests must be performed as soon as possible after the accident and after it is determined that the employee's performance cannot be ruled out as a contributing factor.
2. Post-accident drug tests must be administered whenever a safety-sensitive employee is involved in an occurrence (accident) with an Airport vehicle in which an individual dies. Testing is also required when in an occurrence an individual suffers bodily injury and immediately receives medical treatment away from the scene of the accident, or in which the Airport vehicle or another vehicle involved incurs disabling damage and is transported away from the scene by a tow truck or other vehicle. In such nonfatal accidents, the Airport will test a covered employee on duty in the vehicle if the employee has been cited or if the Airport Human Resources Director or his/her designated representative determines the employee's performance could have contributed to the accident.
 - a. In the event of an accident described in 1. above, urine specimens must be collected, not later than eight (8) hours after the accident, from every employee who performed a safety sensitive function that either contributed to the accident or cannot be conclusively ruled out as a contributing factor to the accident. Ordinarily, specimens will be collected as soon as possible after the accident, allowing for treatment of any injuries first.

- b. Alcohol testing will be conducted only when the employee's conduct, besides the mere fact of being involved in an accident, causes a supervisor or manager reasonably to suspect the employee may be under the influence of alcohol. An alcohol test should be administered within two (2) hours of the accident, and must be administered within eight (8) hours of the accident.
 - c. The decision to administer post-accident drug and alcohol tests will be made by an Airport supervisor.
 - d. Supervisors will explain the reason for the tests to each employee to be tested and will escort employees to the collection site.
 - e. Employees involved in occurrences as defined in paragraph D.2. above must remain available for testing following the accident and should be paid for this time. The supervisor shall inform the employee(s) when he or she may leave. If an employee leaves the scene without authorization or is otherwise unavailable for testing, the employee shall be considered to have refused the test and shall be subject to appropriate discipline.
3. If reasonable suspicion (see b. above) is also found in post-accident situations, the employee will be transported home and placed on administrative leave without pay until test results are received. The employee will be reinstated and any lost pay will be restored should the test results be negative.

E. Return-To-Duty and Follow-Up Testing

1. Purpose - The purpose of return-to-duty testing is to provide assurance that the employee is presently free of alcohol and/or any prohibited drugs and is able to return to work without undue concern about continued substance abuse. The purpose of follow-up testing, which will be specified by the Airport's SAP according to the circumstances of each case, is to ensure that an employee's recovery from substance abuse is continuing so that the possibility of accidents and injuries is minimized.
2. Any employee who refuses to take or does not pass a required drug or alcohol test, and is not discharged, may not perform a safety sensitive function until he or she passes a drug or alcohol test, or both, and the SAP has determined that the employee may return to duty. The leave and pay status of any such employee before return to duty will depend upon the circumstances.
3. Employees who are subject to follow-up testing must undergo unannounced testing if such testing is recommended for the SAP. The duration and

frequency of their tests will also be determined by the SAP, but may not exceed 2 years unless circumstances arise which cause the SAP to recommend an extension. The terms and conditions of any return to work situation will depend upon individual facts.

4. Employees subject to follow-up testing will at all times remain in the random testing pool so that such employees may be required to undergo random testing in addition to follow-up testing.

F. Procedures Common to Pre-Employment, Reasonable Suspicion, Post-Accident, Random, Return-to-Duty, and Follow-up Drug Testing

1. When an employee must be tested for reasonable suspicion or following an accident, he or she will be escorted by a supervisor to the collection site. Upon arrival at the collection site, the employee will be required to follow the instructions of collection site personnel. In other situations, the employees will not be escorted.
 - a. The employee will be required to complete a urine custody and control form, the purpose of which is to ensure proper identification, handling, and confidentiality of the specimen.
 - b. The employee will provide a urine specimen in a private enclosure according to instructions of collection site personnel.
 - (1) The employee will be provided with a securely wrapped single-use collection cup or specimen bottle, to be opened in front of the employee.
 - (2) The employee will be required to provide a specimen of not less than 45 milliliters (ml.) of urine.
 - (3) The collection site person will pour the urine into two specimen bottles (if a collection cup is used) or pour off urine in excess of 30 ml. from the specimen bottle used for collection into another specimen bottle. This process will result in a split sample consisting of the primary specimen of 30 ml. of urine and the split specimen of at least 15 ml. of urine.

- c. The specimens will be sealed and labeled by collection site personnel. The employee will observe the sealing and initial the labeling. The specimens will be transported to a laboratory approved by the Department of Health and Human Services ("DHHS") for actual testing.
 - d. If the employee is unable to provide at least 45 ml. of urine, the collection site person will instruct him or her to drink not more than 24 ounces of fluids during a period of up to two hours. The employee will then be directed to provide another specimen, and if he/she provides 45 ml. of urine, the first specimen shall be discarded. If the employee fails to provide 45 ml. of urine, the specimen shall be discarded and the employee referred to the MRO, who shall refer the employee for medical evaluation to determine whether the individual's inability to provide an adequate specimen is genuine or constitutes a refusal to submit to a drug test. Applicants who do not provide 45 ml. of urine after this procedure shall not be considered further in the selection process.
 - e. Employees will be escorted or directed to report back to their work sites or vehicles, as the case may be. If an employee is being tested for reasonable suspicion, the Airport will arrange for transportation to the employee's residence.
2. In certain limited circumstances, the specimen collection will be monitored.
- a. If there is reason to believe that an individual has adulterated the specimen or otherwise compromised the collection process, that individual will be asked to provide a specimen under the direct observation of a same-gender collection site person. The following circumstances may result in a request that an individual provide a specimen under direct observation:
 - (1) The employee has presented a urine specimen that falls outside the normal temperature range (90.5-99.8F) and declines to provide a measurement of oral body temperature by sterile thermometer or shows an oral temperature that varies more than 1C/1.8F from the temperature of the specimen.

- (2) The last urine specimen provided by the employee (the most recent test) was determined by the laboratory to have a specific gravity of less than 1.003 and a creatinine concentration below .2 g/L.
 - (3) The collection site person observes conduct clearly and unequivocally indicating an attempt to adulterate the specimen (for example, substituting urine in plain view or presenting a specimen containing blue dye).
- b. If the employee refuses to cooperate with the collection process, the collection site person will inform the Airport Human Resources Director or his/her designated representative and shall fully document the non-cooperation on the urine custody and control form. Failure to cooperate may result in disciplinary action, up to and including discharge. In the case of pre-employment testing, any failure to cooperate by an applicant shall disqualify him or her for further consideration in the selection process.
3. The laboratory will perform screening of the specimens using a technique known as immunoassay. All positive results will be confirmed using a second technique known as gas chromatography/mass spectrometry.
4. All test results will be reported by the laboratory to the Airport's MRO, who is a licensed physician with knowledge of substance abuse disorders, in a manner designed to ensure confidentiality of the information. Only specimens confirmed positive by gas chromatography/mass spectrometry will be reported as positive by the laboratory to the MRO.
5. The MRO, after appropriate review, will report test results to the Human Resources Director or his/ her designated representative.
 - a. In the event of a positive test result, the MRO shall give the individual an opportunity to discuss the test result with him or her before reporting the result as positive to the Airport.
 - b. The employee shall be given twenty-four (24) hours to respond to the MRO's attempt to contact him or her; failure to respond within that time will cause the MRO to request that the Airport's Human Resources Director or his/her designated representative contact the employee and direct him or her to contact the MRO immediately.
 - c. The MRO shall examine any alternative medical explanations offered by the individual to explain any positive test result.

- d. If the MRO determines that there is a legitimate explanation for a positive test result, the MRO shall report that result to the Airport as negative.
 - e. The MRO shall verify a result as positive to the Airport without direct contact with the tested employee when:
 - (1) The employee expressly declines the opportunity to discuss the test; or
 - (2) The Human Resources Director has directed the employee to contact the MRO and more than two (2) days have passed without such contact occurring.
 - f. The MRO shall notify each employee who has a confirmed positive test that he or she has seventy-two (72) hours in which to request a test of the split specimen.
6. When the MRO reports a positive result for an employee and depending on the facts of the case, the employee may be subject to disciplinary action, up to and including discharge
7. All test results will remain strictly confidential, whether maintained by the laboratory, the MRO, or the Airport.
- a. Individual test results may be released to a third party only if the tested individual signs a specific written authorization to release the results to an identified person or if proper legal authority compels such release.
 - b. The MRO will report results only to the Human Resources Director or his/her designated representative.
 - c. The MRO will provide to the individual his or her tests result upon request by the individual.
 - d. The Human Resources Director or his/her designated representative will share this information only on absolute need-to-know basis. Those receiving this information will be informed of its confidentiality.

8. An employee (or applicant) who does not pass a drug test administered under the Policy Concerning Substance Abuse may request that the split urine sample be tested by submitting a written request to the MRO within seventy-two (72) hours of notification by the MRO to the employee of his or her right to request another test. The MRO will then direct, in writing, the laboratory to provide the split sample to another DHHS-certified laboratory for analysis.
 - a. If testing of the split sample fails to reconfirm the presence of the drug(s) or drug metabolite(s) found in the primary specimen, the MRO shall cancel the test. The MRO shall also cancel the test if the split specimen is unavailable, inadequate for testing, or untestable. The MRO shall declare that the employee has passed the test in any circumstance where a second test is not possible through no fault of the employee or that test fails to confirm the presence of any prohibited substance(s).
 - b. The employee who has not contacted the MRO within the seventy-two (72) -hour period may present to the MRO information documenting circumstances, such as serious illness or injury, that unavoidably prevented the employee's timely request for testing of the split sample. If the MRO determines the employee's information adequately explains his or her failure to contact the MRO, the MRO shall then direct the testing of the split sample be performed.
9. An employee who refuses to take a required drug test will be presumed to have tested positive, and shall be subject to appropriate disciplinary action, based upon the facts of the case, up to and including discharge.
10. An employee who does not pass, or who refuses, a required drug test and is not discharged shall be referred to the Airport's SAP for evaluation. The SAP shall be a licensed physician who has knowledge of substance abuse disorders and their treatment.

G. Alcohol Testing Procedures

1. Alcohol testing will be accomplished by means of an evidential breath testing device (EBT) approved by the National Highway Traffic Safety Administration and listed on its Conforming Products List. The EBT measures an employee's alcohol concentration in exhaled breath.
2. Alcohol testing will take place at a testing site or facility and will be conducted by persons qualified as Breath Alcohol Technicians.
 - a. Employees and applicants to be tested will either report or be escorted to the testing site for testing. The test will be administered by a properly trained Breath Alcohol Technician (BAT).
 - b. The BAT shall be trained to proficiency in the EBT he or she is using and in the alcohol procedures specified in this Policy.
 - c. The alcohol test shall be conducted in a manner that provides the employee with privacy to the greatest extent applicable.
 - d. The EBT must be secured with no unauthorized access at any time. Only one test will be conducted at a time, and the BAT may not leave the testing site while the preparations for testing or the test itself is in progress.
3. Testing process
 - a. The individual to be tested must present to the BAT positive photo identification (such as a driver's license or Airport identification card).
 - b. The employee or applicant and the BAT must complete, date and sign a form indicating that the employee or applicant is present and providing a breath specimen. A copy of the completed form will be provided to the tested individual.
 - c. The BAT will initially conduct a screening test.
 - (1) The BAT will open an individually sealed, disposable mouthpiece in view of the employee or applicant and attach it to the EBT.

- (2) The BAT will instruct the employee to blow forcefully into the mouthpiece for at least six seconds or until an adequate amount of breath has been obtained. The BAT will then show the employee the test result displayed on the EBT or on the printed result.
 - (3) If the result of the screening test is an alcohol concentration less than 0.02, no further testing is required and the test result will be considered as negative.
 - (4) If the test result shows an alcohol concentration of 0.02 or greater, a confirmation test will be performed.
- d. The confirmation test must be conducted at least 15 minutes, but not more than 20 minutes, after the completion of the screening test.
- (1) During the interval between tests, the employee may not eat, drink, or put any substance into his/her mouth. The employee will also be instructed not to attempt to belch. (However, the test will be conducted even if the employee disregards the instructions.)
 - (2) The confirmation test is conducted using the same procedures as the screening test, with a new mouthpiece.
 - (3) If results of the screening and confirmation tests differ, the confirmation test result is deemed to be the final result.
 - (4) If the result displayed on the EBT is not the same as that on the printed form, the test will be canceled, and the EBT removed from service.
- e. Following completion of the testing, the BAT will sign and date the form, and the employee will sign and date the certification statement. The BAT will attach the alcohol test result printout directly onto the alcohol collection form with tamper-proof tape (unless the results are printed directly on the form).
- f. In the event of an incomplete test, the BAT must begin a new test using a new alcohol testing form with a new sequential test number.

- g. Refusal by an employee to complete and sign the alcohol testing form, to provide an adequate amount of breath, or otherwise to cooperate with the directions of the BAT will be deemed a refusal to be tested, will result in a presumed positive test, and may subject the employee, depending on the facts of the case, to disciplinary action, up to and including possible discharge. Refusal by an applicant to do any of these things will result in rejection from employment.
 - (1) If the employee fails to provide an adequate amount of breath, he or she shall be immediately referred to a physician, who shall determine the employee's medical ability to provide an adequate amount of breath.
 - (2) If the physician determines that there is no valid medical reason for the inadequate breath, the employee's failure will be considered a refusal to take the test.
- h. If a screening or confirmatory test cannot be completed, the BAT must, if practicable, begin a new test using a new alcohol testing form with a new sequential test number.

4. Test Accuracy

- a. The above procedures must be followed rigorously for each test.
- b. Alcohol tests will be considered invalid when one or more of the following occur:
 - (1) The external calibration check of the EBT produces a result outside the allowed tolerance levels.
 - (2) A device other than an NHTSA-approved EBT is used.
 - (3) The BAT does not wait 15 minutes between the screening and confirmatory tests.
 - (4) The alcohol test form with the attached EBT printout is not completed correctly. Employee and BAT signatures, or relevant BAT remarks, should be included.

- (5) The EBT fails to print the confirmation results, the sequential test number on the EBT is not the same as the number on the printout, or the alcohol concentration displayed on the EBT is different from what is printed out.

5 Consequences of Positive Result

- a. Any safety-sensitive employee whose confirmation test shows an alcohol concentration of 0.02 or greater shall be removed from service and will be advised to go to the Employee Assistance Program or to seek other appropriate treatment in the event he or she may have a substance abuse problem. A second such incident will result in disciplinary action. If a safety-sensitive employee's test results are 0.04 or greater, the employee will be immediately removed from service, escorted home, and referred for an evaluation by the MRO or SAP. Depending on the facts of the case, that employee may also be subject to appropriate discipline. In addition, the MRO or SAP must approve of the employee's participation in a rehabilitation program, if appropriate, if the employee is permitted to return to work.
 - (1.) The MRO or SAP shall determine, among other things, the employee's fitness for duty, whether and what rehabilitation programs may be appropriate, the period of time the employee should be subject to follow-up alcohol testing after return to duty as discussed elsewhere, and whether follow-up drug testing should also be included.
 - (2.) Assessment by the MRO or SAP shall be scheduled as soon as is feasible. The employee shall not be permitted to work in the interim.
 - (3.) Assessment by the MRO or SAP shall not affect the Airport's right to discipline, including discipline an employee including discharge if circumstances warrant, for being under the influence of alcohol.

- b. If a non-safety sensitive employee's confirmation test is less than 0.04, the employee will be allowed to return to work, barring other extenuating circumstances. If a non-safety sensitive employee's confirmation test is 0.04 or greater, that employee will be advised to seek treatment in the event he or she may have a substance abuse problem. The employee may be counseled or disciplined, depending upon the test result level and upon the circumstances and behavior of the employee. The employee shall be relieved of duty for the remainder of the shift and escorted home a second such incident may result in more severe action.

If a non-safety sensitive employee's confirmation test is 0.08 or higher that employee shall in addition to the above, be referred to the MRO or SAP.

V. Employee Self-Identification

- A. Employees having substance abuse problems may self-refer to the Airport's Employee Assistance Program through an Airport supervisor or through the Human Resources Department, or may otherwise self-identify and seek rehabilitation for a chemical dependency problem without penalty. The Airport encourages employees having substance abuse problems to self-identify, and will assist in coordinating treatment, including authorizing applicable periods of leave for the employee to be treated. (Each case, however, will be evaluated on its own facts.) Self-referral or self-identification after notification of a required drug or alcohol test will not relieve the employee of the requirement to take a test, nor will it prevent the administration of disciplinary action on the basis of the test results or a refusal to be tested.

This Agreement is by and between the City and County of San Francisco (San Francisco International Airport) and Service Employees International Union Local 790. This Agreement will remain in effect through June 30, 2003 and run concurrent with the Citywide collective bargaining agreement unless extended by mutual agreement.

By June 1 the employee will be notified if his/her request is approved or rejected for the next fiscal year. Reduced work schedules shall be approved in an equitable manner. Conditions and criteria for approval of RWS shall be discussed with the Union in April of each year.

A Reduced Work Schedule shall not be less than twenty (20) hours per week or for less than three (3) continuous months during the fiscal year. Once the request is approved, the Library or the employee may request a review at three (3) month intervals. A three (3) month notice for revocation of the RWS will be given by each party. An employee may request alteration or cancellation of his/her RWS contract for promotion or reassignment purposes.

An employee may appeal a denial of his/her RWS request to the City Librarian within fourteen (14) calendar days of the denial. The City Librarian will render a decision within five (5) working days of the appeal.

Paid release time will be granted only if the meeting is held during the representative's regularly scheduled work time.

Management will approve release time based on the needs of service and an equitable distribution among the work units in the Library.

Section 7. Preparation Time

Although management maintains the prerogative to structure work assignments as it sees fit and recognizes its obligation to negotiate with the Union about the effect of changes in the structure of work assignments, employees will be provided with time for preparation during the work day.

Section 8. Staff Lounges

The Library believes that adequate staff lounges for the Main Library and the branches are desirable, and will make efforts to provide such areas. The Library will actively seek additional space and funds so that such lounges can be provided. Should a space currently in use as a staff lounge be needed for some other purpose, including renovation, the Library will meet and discuss alternatives with the affected staff with the intent of preserving a staff lounge area for that facility.

Section 9. Volunteers

In addition to the language that exists in the current Collective Bargaining Agreement between SEIU and the City, the Library agrees to the following language: The Union shall be given a copy of each new approved volunteer position description as soon as it is prepared by the volunteer coordinator, or shall be provided information about pending volunteer position descriptions upon request of the Union Business Representative.

The provisions of the Collective Bargain Agreement Volunteer SEIU and the City, Section 15.D.3 Volunteers, SWAP, CALWORKS, CAAP Workforce, or others not covered by the agreement shall govern the use of volunteers in the Library and the pay of the supervisors of such volunteers.

HEALTH CARE REFORM

Letter of Agreement In Support of National Health Care Reform

The Union and the Employer agree to write and sign a joint letter in support of national health reform. The letter will be based upon the following ideas and set of principles.

Skyrocketing health care costs threaten the living standards of workers and the financial stability of state and local governments.

The parties recognize that the problem cannot be solved through collective bargaining alone. Health care costs cannot be adequately controlled on a plan-by-plan, employer-by-employer, or even on a state-by-state basis. Rather, a national framework for a health care system that works in partnership with the states is required to solve the three related problems of cost, quality, and access.

National health care reforms should recognize the best of local and state initiatives, including health care reforms that improve access, maximize delivery of cost-effective preventive care, and establish medical care payment programs designed to reduce overall medical costs. The parties recognize that cooperation between labor and management will increase their effectiveness in achieving changes in state and federal policy that both support.

Universal Coverage: Health system reform must guarantee health care as a right, not a privilege, with universal coverage and access for all people who live in California and in the United States, regardless of culture, class, ethnicity, and sexual orientation.

Role of Public Health Departments and Public Sector Providers: Public health departments provide essential population-focused health promotion and disease prevention services that are not typically included as part of individual health care benefits through insurance coverage. Examples of these services include disease control, health education, public health nursing services, disaster planning, emergency medical services and environmental protection services. These services must be recognized and adequately funded in any health reform plan.

Even under the most comprehensive national plan, public sector providers will be essential to any health care delivery system. This is for at least three reasons: First, the public sector must always be ready to respond to health care crises, such as the HIV epidemic. Second, the public sector must be available to provide services to those who do not have access to other providers. Finally, there will always be individuals whose circumstances have not been planned for in the comprehensive health care plan, and services need to be available to them through the public sector. It is absolutely essential to provide access for persons who are not able to receive appropriate health care service in other ways through the preservation of a strong and well-financed institutional safety net.

Comprehensive Benefits: There must be a guaranteed broad-based benefit package that emphasizes coordinated preventive and primary care services for individuals. Covered services must include disease prevention and health promotion programs which will assist in long-term cost containment. The plan should also include specified programs currently provided by public health departments, including mental health, family planning, long-term care, and substance abuse services.

Cost Containment: Health reform must include a package of cost containment measures to control operating and capital expenses because excess costs ultimately limit access to services. These measures should be based on appropriate regulatory provisions and should cover all components of the health system, without creating barriers to appropriate care. Appropriate cost controls include evaluations of technology and procedures, utilization of the most appropriate procedures at the most appropriate level of care, resource planning for distribution of capital and medical technology, and global budgeting.

Financing: Health reform must recognize that individuals in society ultimately will pay for the financing of any health system. The health system should be financed through a combination of progressive financing mechanisms that reflect ability to pay.

Quality Assurance: There must be mechanisms and safeguards to ensure effective and efficient organization of services and high quality care. Mechanisms should include a process of appeal to ensure that patient rights are respected. Quality assurance should also address the cultural competence of care and assess whether culturally and linguistically appropriate services are being delivered.

Development of Health Workforce: Comprehensive health system reform must include support for the education and training of health care workers to ensure: (1) adequate financing; (2) appropriate supply and distribution of workers, geographically and across specialties; (3) affirmative action to reach to goal of appropriate representation of all cultural and ethnic minorities in the health care workforce; and (4) culturally competent care through multicultural education and training of all providers.

Ongoing Planning and Evaluation with Consumers, Communities and Providers: To ensure accountability to providers and consumer communities and the protection and promotion of consumer rights, there must be mechanisms to ensure ongoing planning and evaluation of the system. These mechanisms include consumer satisfaction surveys, community-based needs assessment, measures of quality of care, technology assessment, and diverse representation on all advisory committees.
