- C.** This Agreement shall supersede any policies, operational and procedural manuals, ordinances, regulations, or practices of the County which are contrary to or inconsistent with the terms of this Agreement.

ARTICLE 2

RECOGNITION

A. For the purposes of this Agreement and the provisions herein contained, the County recognizes the Union as the exclusive bargaining agent for the bargaining unit consisting of the employees filling the job classifications within the Broward County Division of Fire Rescue as described below:

Included:

No future appointments or promotions will be made to these classifications. As positions with these assigned classifications become vacant, they will be reclassified to one of the classifications listed in sub-section 1 above. The intent of this sub-section is that over time and through attrition the job classes listed herein will be eliminated from the bargaining unit.

Therefore, it is understood that no changes in the composition of said bargaining unit as described in Section A may occur during the term of this Agreement until all procedural steps provided for by Chapter 447, Florida Statutes have taken place, or the parties mutually agree to such changes.
- C.** Job titles not now existing in the Fire Rescue Division, created during the term of this Agreement and encompassing work currently assigned to bargaining unit members, shall include one (1) of the designations listed in Section A of this Article unless otherwise mutually agreed to by the parties. The Fire Rescue Division Chief/Director may make temporary work assignments not to exceed twelve (12) months unless mutually agreed to by the parties. Twelve (12) months after the signing of this Agreement either party may reopen paragraph C of this Article. These negotiations would be subject to the 447 Impasse Procedure.
- D.** Creation of New Classifications: Newly created classifications shall be implemented after notice to the Union, with the right for the Union to negotiate compensation for said new classification prior to implementation.

ARTICLE 3

NON-DISCRIMINATION

No employee covered by this Agreement shall be discriminated against by the County or the Union because of residential living arrangements, and/or as otherwise protected by law, i.e: Civil Rights Act of 1964 and the Broward County Human Rights Act. The Union will also supply at that time to the County a list of all members contributing excess funds, and the amounts and purpose of said funds. The County shall not deduct Union fines, penalties, or special assessments from the wages of individual members.
- B.** If an employee does not receive a salary check in any pay period or if the check is not large enough to satisfy dues deduction, the County will make no collection from that employee.

- A.** It is agreed to and understood by both parties that there shall be a procedure for the resolution of grievances or misunderstandings between the parties arising from the application or interpretation of this Agreement. All bargaining unit employees shall be subject to the Firefighter's Bill of Rights.
- B.** Grievances will be processed in the following manner. Prior to initiating a formal grievance, the employee must discuss the alleged grievance with their immediate supervisor outside the bargaining unit.

Step 1. Initial Review. A written grievance must be presented on a grievance form provided by the County within thirty (30) calendar days from the date the employee knew or should have known of the events given rise to an alleged grievance. Upon receipt of a written grievance, the Fire Rescue Director or designee shall investigate the facts and conduct a meeting within ten (10) working days with the grievant, Union, Fire Rescue personnel and any other persons possessing knowledge considered critical by the Fire Rescue Director. The Union will be notified by the Fire Rescue Division of the time and place of such a meeting and shall be entitled to attend. The

grievant may be accompanied at this meeting by a Union representative. The Fire Rescue Director or designee shall notify the grievant and the Union of the decision in writing within ten (10) working days following the date of the meeting.

Step 2. The decision of the arbitrator will be served upon the County and the Union in writing. The expenses of the arbitrator shall be paid by the party losing the award. If a court reporter or verbatim record of the proceeding is desired, the expenses of the reporter and the cost of the transcript shall be paid by the party requesting such.

- C.** The submission to the arbitrator shall be based on the written grievance submitted in Step 1 of the Grievance Procedure. The power and authority of the arbitrator shall be strictly limited to determination and interpretation of the express terms of this Agreement. The decision of the arbitrator is final and binding on both parties. No decision of any arbitrator or of the County in one (1) case shall create a basis for retroactive adjustments with reference to any prior occurrences not a part of the grievance.

Any leave request submitted at other times of the year shall be on a first come first serve basis and will be approved or denied solely with reference to operational needs. Employees submitting leave requests at the proper time may designate a second choice of dates. Annual leave may be requested or granted in full or half shifts and not in portions thereof (other than leave pool utilizations and approved emergency leaves). The parties will negotiate a bid procedure prior to August 1, 1998.
- F.** An employee who exhausts his/her sick leave may utilize emergency annual leave to cover a continuing absence due to injury/illness.
- G.** Any member of the bargaining unit who is separated in good standing from service with the County, shall be compensated for all unused accrued annual leave at the employee's basic rate of pay at the time of separation.
- H.** Members of the Union may donate up to two (2) shifts, forty-eight (48) hours, per year of annual leave to a paid union time pool to be used by members of the Union. Authorization from the employee must be submitted in writing before such donation is

effected. The Union President or his/her designee shall notify the Fire Rescue Division of its desire to allocate leave from this pool to any employee. Union time pool hours will be used on an hour for hour basis or time and one-half if the time used requires the use of overtime. Under normal circumstances pool utilization will include the reasonable notice of forty-eight (48) hours. Utilization of the Union time pool will be for employment related activities and benefits including Union business as determined by the Union and shall be with the approval of the Union President or his/her designated representative.

- I. Subject to the limitations of this agreement, an employee with excess annual leave may opt to donate up to 48 hours of such excess leave to the Union time pool on a one-time basis.

ARTICLE 39

SICK LEAVE

- A.** Members of the bargaining unit scheduled to work 24-hour shifts shall accrue sick leave at the rate of 9.6 hours per month. Employees assigned a normal 40-hour workweek will accrue at the rate of 8 hours per month. Part-time employees shall accrue a proportionate amount, based on hours worked. No new employee is eligible to utilize sick leave until three (3) months after his/her date of employment with the Fire Rescue Division, at which time he/she will be credited with earned sick leave hours.
- B.** Sick leave may be granted for the following purposes:
1. Personal illness or injury not connected with work;
 2. Personal medical, dental, or optical appointments, examination, or treatment which is necessary during working hours;
 3. Exposure to a contagious disease which would endanger others;
 4. Pregnancy and maternity leave; and
 5. Family Illness Leave, under the same provisions and guidelines as non-represented employees, except that the maximum number of sick leave hours used for Family Illness Leave shall not exceed 48 hours in a calendar year for employees on a 24/48 hour work schedule 42 hours in a calendar year for employees on a 42 hour work schedule, and 40 hours in a calendar year for employees on a 40 hour work schedule.

- C.** An employee who is absent for an entire shift due to illness will be debited twenty-four (24) hours sick leave. An employee who becomes ill during a shift and must be replaced will be debited the number of hours remaining in the shift after he/she is relieved from duty. An employee thus relieved from duty due to illness will, nevertheless, be paid for the hours worked before he/she was relieved at his/her regular rate of pay or overtime rate of pay, whichever is applicable.
- D.** All members of the bargaining unit shall continue to be allowed to accrue an unlimited amount of sick leave. The maximum of unused sick leave that may be carried over from one calendar year to the next shall not exceed a total of sixty (60) shifts (1,440 hours) for purposes of payment as described in Section E below. The date for computation of excess sick leave for each year will be the end of the last pay period which began in that calendar year.
- E.** When a bargaining unit member resigns (or is terminated) from County employment he/she shall be paid twenty-five percent (25%) of their accumulated sick leave accrual as of the effective date of separation. An employee who attains the required number of years of service and otherwise is eligible for retirement under the Florida State Retirement System shall receive fifty percent (50%) of his/her accrued sick leave as of the effective date of the retirement.
- F.** A medical certificate, including diagnosis and prognosis, signed by a licensed Florida physician, may be required by an employee's division/office head to substantiate a request for sick leave when:
1. After four (4) occurrences in any continuing twelve (12) month period (an occurrence means a separate unconnected illness/injury of a full shift or more), the

employee shall present a doctor's excuse for the next occurrence;

2. If a supervisor suspects abuse of sick leave because of unusual circumstances or a developing pattern, (e.g., frequent sick leave usage of less than one shift in a continuing twelve (12) month period, employee denied annual leave and subsequently claims illness, etc.), the Chief may inform the employee that a doctor's excuse will be required in order to "approve" any further use of sick leave.

3. The illness occurred while the employee was on vacation leave and a request is made to credit sick leave instead of vacation.

4. If absence from duty due to illness occurs in conjunction with a Kelly Day and the employee has been notified or warned that a certificate will be required should future illness occur in conjunction with a Kelly Day.

Any employee who is absent from work due to illness for a period of five (5) consecutive shifts or more must obtain a medical certificate, including diagnosis and prognosis, signed by a licensed physician prior to being allowed to return to work. The medical certificate required hereunder may be waived at the discretion of the Fire Rescue Director. Should it be discovered that the employee is taking sick leave under false pretenses, the time off shall be without pay. The employee may also be subject to disciplinary action.

- G.** 1. Any field assigned employee who will not be able to report for an assigned shift because of illness must call the designated contact person/point on duty as soon as possible, but in any event prior to 0630 hours, and give him/her the necessary information to fill in a sick leave form. Failure to timely notify the Division shall result in a loss of pay and may result in disciplinary action.

2. Should a field assigned employee who calls in sick in compliance with section G-I of this Article request and be able to report to duty later in the same shift, that employee may report to duty at 2000 hours provided he/she calls in to the designated contact person/point no later than 1830 hours. Failure to make such contact by 1830 hours will eliminate the field assigned employee's option to report to duty during that shift. Established late report/AWOL procedures will apply to the 2000 hour report time on the same basis as for the 0800 hour report time.
- H.** Any employee utilizing sick leave either immediately before or after vacation must comply with Section G of this Article and must submit a medical certificate in accordance with Section F.
- I.** Sick leave in excess of that accumulated by an employee shall not be granted. If an illness extends beyond the period of time covered by his/her accrued sick leave credits, annual leave credits or union time pool must be applied to the extent needed or available. Days lost due to illness or injury after exhaustion of all accumulated sick and annual leave shall be charged to leave without pay. Such unpaid sick leave may not exceed three (3) months without approval of the Administration.
- J.** Full-time employees, after completing their probationary period, will be entitled to earn one paid shift off for any six months thereafter that they do not use any sick leave. The time shall be used in the six month period following the period in which it is earned.
- K.** Employees covered by this agreement may participate in the County's Sick Leave Donation Program subject to the same guidelines and eligibility requirements as non-represented employees.
- L.** Employees which have 500 or more hours of accrued Sick Leave as of January 1 of

each year may elect to convert up to 96 hours of Sick Leave into 48 hours of Annual Leave once each calendar year in accordance with County procedures.

- D.** An employee working mandatory overtime on a holiday shall be compensated at the rate of double time plus the holiday bonus.

BEREAVEMENT LEAVE

- A.** Funeral leave of one (1) twenty-four (24) hour shift with pay will be granted for absence from duty of an employee in the event of death in his/her immediate family, within the State of Florida, or two (2) twenty-four (24) hour shifts if outside the State of Florida.

- C.** If an employee needs to be absent in excess of authorized time, an automatic shift exchange will be granted upon notification to the County, or an employee may charge up to an additional two (2) shifts to annual leave (if accrued), or to leave without pay if the employee has no annual leave accumulated, or to the annual leave pool if approved by the Union in accordance with the Annual Leave Article .
- D.** The employee's immediate family shall be defined as the employee's current spouse, father, mother, child, brother, sister, stepparent, stepchild, stepbrother, stepsister, grandparents, grandson, granddaughter, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, and sister-in-law, registered domestic partner, or any relative who is domiciled in the employee's household. ARTICLE 42

DISABILITY LEAVE

- A.** Bargaining Unit members who are disabled because of an injury arising out of, and in the course of their employment with the County, will receive supplemental payments from the County, which when added to Worker's Compensation payments would equal their full pay for a specified period of time without charge against annual or sick leave. The disability must be of an immediate incapacitating nature, not one which occurred at some time in the past. If an injury occurs as a result of the employee's failure to comply with established safety rules and procedures, or failure to use provided personal protective safety equipment, he/she may be denied supplemental disability pay. The County will follow the provisions of applicable Florida Statutes in the determination of on-the-job injury. (i.e., FS 112.18, FS 440).
- B.** If at any time Worker's Compensation benefits are discontinued or suspended under the provisions of the Florida Worker's Compensation Act, disability leave and any County supplemental payments made pursuant thereto shall be discontinued.
- C.** In order for an employee on disability leave to remain eligible for supplemental payments, he/she must contact the office of Fire Rescue Division at least once each work week while the employee is on disability leave in order to report as to his/her medical condition and prognosis.
- D.** If an employee is unable to perform his/her regularly assigned duties as a result of an injury, but is still able to perform some type of work, the employee may be assigned by the Division other work or duties in the Division during the period of his/her

recuperation. Any employee physically able but unwilling to accept such an assignment shall be ineligible for disability leave and shall not receive any supplemental payments from the County.

- E.** Management may order any employee on disability leave to be examined by a physician who is selected and approved by the Division of Human Resources. If the employee refuses to be examined, then that employee shall be immediately removed from disability leave and shall be ineligible to receive any supplemental payments from the County.
- F.** Disability leave and any supplemental payments authorized as a result of such leave shall not exceed thirteen (13) workweeks for one (1) acute injury or multiple injuries occurring in one (1) accident mishap in the line of duty including training or eight (8) workweeks for any one (1) incidental injury or multiple incidental injuries occurring in one (1) accident or mishap (i.e., at the station). If an employee is unable to return to work at the end of the thirteen (13) or eight (8) workweek period, such employee shall be considered as automatically placed on a leave of absence without pay. However, a Division or Department Head may petition the Division of Human Resources to continue an employee on disability leave with supplemental payments for an additional period of time not to exceed thirteen (13) workweeks for acute injury or accident in the line of duty including training, or eight (8) workweeks for incidental injury or accident (i.e., at the station), provided that sufficient grounds are given by the Director or Department Head and the extension is approved by the County Administrator. This provision shall not entitle any employee as a matter or right to an extension of disability leave, but shall not preclude any employee from filing a

grievance concerning this section.

- G.** An employee who has exhausted his/her disability leave and is placed on a leave of absence without pay shall be entitled to re-employment in the first available position for which he/she is qualified and which is similar in pay unless the pay requirement is waived by the returning employee. This provision shall only grant to a returning employee the right to re-employment with Broward County on a priority basis when a position is available in the County service. This right will exist for one (1) year from the time when the employee goes on leave of absence without pay.
- H.** All Florida Statutes relating to Firefighter Disability, (i.e., Heart Lung Bill) when applicable, shall apply to unit employees.
- I.** In the event increases in disability benefits are made available to the general County employees, said benefits will also be made available, on the same terms, to those employees covered by the scope of this Agreement.

ARTICLE 43

SHIFT EXCHANGE

- A.** Shift exchanges are permitted for non-probationary employees with prior written approval of the employee's Battalion Chief following written request of at least forty-eight (48) hours advanced notice. Prior written approval and the 48 hour notification may be waived by the Battalion Chief.
- B.** Shift exchanges shall be rank/classification for rank/classification or with employees who have been previously upgraded for that rank/ classification.
- C.** Any employee on duty by virtue of a shift exchange or partial shift exchange shall be entitled to the same benefits, privileges, and protections and shall assume the same responsibilities as any on-duty personnel.
- D.** A replacement who leaves work early because of illness shall have the sick leave deducted from his/her bank and not from the bank accrued by the employee originally assigned to the shift. Under other circumstances, payroll computations will not be affected by shift exchanges or partial shift exchanges.
- E.** A shift exchange constitutes an even exchange and neither party becomes eligible for overtime pay because of a shift exchange.
- F.** Shift exchanges may not be taken in order to engage in outside employment. This provision may be waived at the discretion of the Division Director.
- G.** An employee who abuses this Article shall be subject to the loss of the right to exchange shifts for the period of one (1) year. Any member of the bargaining unit who agrees to exchange a shift, but fails to report to work the agreed shift, shall be subject

to disciplinary action. Members of the bargaining unit are encouraged to police the practice themselves with the operational needs of the County, as well as the practical needs of their teammates in mind. Any member of the bargaining unit who agrees to exchange a shift, but fails to report to work the agreed shift due to illness will first have the equivalent number of hours missed deducted from his/her sick leave accrual, and if such accrual balance is insufficient to cover the number of hours used, then the member will have his/her salary deducted accordingly.

ARTICLE 44

INSURANCE

- A.** The County agrees to provide at no cost to the employee, insurance coverage, relating to health, life, accident and Worker's Compensation on the same terms and conditions provided other non-represented County employees. - E.** All Fire Rescue Division employees that are members of the Union may elect to participate in the Union's group insurance program. Employees opting to participate in the Union plan shall continue to receive the same amount of County FLEX dollars as non-represented employees. If the flexible dollar allowance is increased for all the other County bargaining units, the increase will also apply to employees covered by this Agreement.

7. Employees who are determined to be not qualified may be deemed by the Fire Rescue Division Physician to have suffered the injury/illness as a result of their assignment to the Hazardous Materials Special Incident Response Team and shall receive coverage under Worker's Compensation. The employee shall initiate the Worker's Compensation claim. Employees may be temporarily reassigned to a light

duty position and permitted to work with the Fire Rescue Division Physician to resolve the underlying medical condition. The decision to place an employee on light duty shall be at the sole discretion of the Fire Rescue Division Physician, and this decision to assign an employee to light duty shall be based on the employee's ability to perform the assigned tasks. A temporary assignment shall be determined by the Fire Rescue Division Physician and based on the employee's ability to perform the assigned tasks.

8. If the Fire Rescue Division Physician finds an employee not qualified, the employee has the right to be examined by another physician of their choice at the employee's expense. Should the findings between the Fire Rescue Division Physician and the employee's physician conflict, a third and independent physician will make the final and binding determination. The Fire Rescue Division Physician and the employee's physician shall jointly select and appoint this third independent physician at the County's expense.
9. Employees assigned to light duty for up to 120 days shall not lose the Hazardous Materials Special Incident Response Team assignment pay.
10. Upon clearance from the Fire Rescue Division Physician the employee shall be returned to duty at their Special Duty assignment or reassigned to a Regular Duty assignment.
11. The County agrees that the following definition shall be utilized as the definition of permanent disability: The inability to perform effective or efficient service as a fire fighter or paramedic.

- B.** The Fire Rescue Division shall provide the proper applications for individual paramedic re-certification and necessary funds required for the renewal of the certification required by State of Florida Department of Health and Emergency Medical Services Bureau.
- C.** The County will provide the necessary personnel and make available the continuing education credits opportunities needed for re-certification through the Division's Training Branch. This will be at no cost to paramedics except for a nominal charge for course materials for certain courses (e.g. ACLS).
- D.** The County agrees that where an employee is required by the County to attend training for job required certification/re-certification and it occurs during his/her regularly scheduled work hours, the employee shall be excused to attend with full pay and no loss of benefits. After such training session the employee shall return to work if during his/her normally scheduled work hours.
- E.** When ACLS re-certification is required to maintain the Paramedic certification, a

bargaining unit member will complete the necessary course work and present the re-certification notice to the Division. The Division will take the steps necessary to implement a one-time addition of base pay, at straight time, to the individual's pay, in the amount of the hours required by the State. Further, the County will permit re-certification class tuition charges to be eligible for reimbursement under the County's Tuition Reimbursement Program.

ARTICLE 47

EDUCATIONAL REIMBURSEMENT

- A.** Employees covered by this Agreement may participate in the County's General Education Reimbursement Program. The eligibility requirements and the amount, type and condition precedent to obtaining reimbursement, will be established by the County. Participation in this program is intended to cover undergraduate/graduate and other course work consistent with the program's guidelines that are not otherwise covered by the continuing training reimbursement program in Section B below.
- B.** Educational reimbursement for continuing training for bargaining unit employees will be administered by the Division Director or his/her designee. The amount of reimbursement from all sources received for continuing training such as seminars, skill improvement course, and short study program shall not exceed one hundred percent (100%).
1. Written applications requesting reimbursement will be submitted to the Department Head (through the Division Director) on the division form for review in order to assure that the course of study is job related, and will increase the knowledge or assist the production of the employee in his/her work.
 2. The Division Director or his/her designee will review the requests and make a determination as to which requests are approved, together with the amount of reimbursement, in accordance with established criteria.
 3. All reimbursements for continuing training will be subject to the amount available in the Division's Educational Reimbursement Fund, not to be less than \$ 24,000 per

contract year.

- C.** Any off duty member who is required by the County to attend schools, seminars, or training activities will be compensated at his/her applicable rate of pay.
- D.** Members of the Bargaining Unit may receive up to forty-eight (48) hours per year in multiples of four (4) hours (i.e. 4, 8, 12) with pay each as educational leave to attend school, conferences or seminars of a job related educational nature, subject to the approval of the Director.

ARTICLE 48

OVERTIME

- A.** In an effort to reduce overtime expenditures and promote a positive working environment, the County and the Union agree to a joint Labor/Management approach to overtime.
- B.** Authorized overtime will be paid at the rate of one and one-half (1½) times an employee's regular rate of pay.
- C.** The County has established a twenty-eight (28) day work period for the purpose of complying with the Fair Labor Standards Act (FLSA) for those employees considered partially exempt under Section 207(k).
- D.** Contractual Overtime will be computed on the basis of actual hours worked beyond an employee's regularly scheduled shifts (8, 9, 10, 12, 14, 24 hours or other schedules established consistent with Article 32 - Hours of Work) in a fourteen (14) day period, beginning Sunday at 0800 and ending Sunday at 0759 of the following week. An employee who works more hours than his/her scheduled shifts during this period will be paid overtime for the additional hours worked. Shifts paid for any authorized leave shall be computed as hours worked with the exception of sick leave and any other leaves charged to sick leave for the purpose of calculating overtime.
- E.** Members of the bargaining unit who are required and/or assigned by the County to begin a consecutive work assignment at a different location immediately after being released from duty on a regularly scheduled assignment will lose no pay because of the travel between locations, as long as the employee arrives at the second station

without delay. The employee awaiting his/her relief at the second location will be paid for the additional holdover time at the applicable rate of pay.

- F.** In the event that a need for overtime should occur in the Fire Rescue Division because of scheduled leaves, sickness, or other unforeseen conditions, equal exposure of overtime - scheduled fairly and equitably - for unit employees, rank for rank, (except for qualified lieutenants and captains who will be considered company officers and be permitted to fill either rank for purposes of overtime assignments) shall be implemented as stated in this Article.
- G.** The Fire Rescue Division shall maintain a record of overtime assignments and attempts to contact employees for overtime assignments. The Union President (or designee) shall have the right to review these records at will with reasonable notice, and supplied copies when needed.
- H.** Off duty employees called back to work shall be paid for actual hours worked with a minimum of four (4) hours. However, if an employee is called back to work and not needed for the assignment, the employee shall receive a minimum of two (2) hours and allowed to leave work. If the employee elects to remain at work, the employee will be allowed to remain at work four(4) hours and shall be paid for actual hours worked. The callback minimum shall not apply to holdovers. If the employee is called back to work due to his/her own failure, the employee shall not be eligible for this minimum pay.
- I.** The County agrees to begin calling for Mandatory overtime after (3) three hours if after utilizing the proper procedures every reasonable effort has been made to fill the vacancy.

- J.** In the event of a declared emergency or natural disaster, the Division Director (or designee) may modify or suspend the provisions of this Article for the duration of the emergency. This action must be placed in writing and sent to the Union President (or designee) within twenty-four (24) hours after the declared emergency or natural disaster.
- K.** Employees may elect to receive compensatory time in lieu of overtime at the employee's discretion. Compensatory time shall be accrued at the appropriate overtime rate. The employee may use such time, based on staffing levels as determined by the County. The County has the right to deny such compensatory time off and pay overtime instead. Once an employee has accrued one full shift or more of compensatory time, the accrued compensatory time shall be scheduled to be used or paid out within ninety (90) days of the date of accrual. In any case, employees may not carry accrued compensatory time for more than one year, at which time the employee will be paid for all accrued compensatory time.
- L.** The provisions of this Article shall be the official policy for overtime assignments. Overtime will be accomplished in the manner prescribed herein.
- M.** Overtime will be scheduled - fairly and equitably - by means of one (1) overtime list. This list shall be in order of time in classification seniority, with all employee ranks, qualifications, and shift assignments listed next to their names (i.e., Fire Fighter / Paramedic, Air Rescue, Hazardous Materials, Technical Rescue, Communications Captain, etc.), except for qualified lieutenants and captains who will be considered company officers and be permitted to fill either rank for purposes of overtime assignments.

N. When an overtime assignment becomes available, the appropriate officer will initiate the automated system to call for the overtime by the following rules. If the automated system is unable to call, these rules will be followed manually by the officer.

1. Beginning with the first name, the officer will attempt to contact the employee listed on that roster, who has the minimum qualifications of the position needed. When subsequent overtime positions are available, the roster will be followed in order, always starting with the employee with all the needed qualifications, and the least amount of overtime hours.

2. Employees will be permitted to “signup” for overtime through the automated system. When an overtime position is available, the automated system will contact employees on the signup list with all the needed qualifications and the least amount of overtime hours. Employees may add or remove their name from a signup list up to one (1) hour prior to the start of shift - 0700 hours. If the overtime assignment is not filled by an employee on the signup list or the signup list is not available due to manual staffing, overtime will continue to be called in accordance with paragraph N.1.

3. Once an employee accepts an overtime assignment, that employee shall be placed on the list to the appropriate position based on the total number of hours worked.

4. Any employee who refuses an overtime assignment of twelve (12) hours or more shall be charged as if the employee had actually worked the time. Assignments of less than twelve (12) hours shall be charged against the employee only if accepted. If an employee declines to accept an assignment of less than twelve (12) hours, there

shall be no charge against the employee on the overtime list. Overtime charges will be hour for hour (i.e., an employee can not have over twenty-four (24) hours of charges for one (1) twenty-four (24) period).

5. Employees shall supply the Fire Rescue Division with one (1) overtime contact number (i.e., home telephone, cellular telephone, pager, etc.). Employees shall maintain their own overtime number through the automated system. If the employee is not contacted, or does not respond to a page, they will not be charged. If the employee elects to use a pager as his/her contact number, they will be allowed five (5) minutes to call back prior to contacting the next qualified employee on the overtime assignment list. If there is no sign up list available or if the overtime position to be filled is an immediate assignment (i.e., a unit is out of service, an employee needs to go home sick, an employee is on mandatory holdover, etc.), only two (2) minutes will be allowed to call back prior to contacting the next qualified employee. Although the next employee will be called, the position will be held open for all employees contacted until it is filled.

6. If the employee is on a Kelly Day, he/she can be called for an overtime assignment. If the employee is on an approved shift swap and unable to accept the overtime assignment, this will not be charged against the employee.

7. Employees will be allowed to perform time swaps of up to twelve (12) hours while on an overtime assignment.

8. If no employee(s) are available to work the overtime assignment, the Division will upgrade qualified employee(s) on the shift (according to the temporary upgrading article), where the overtime is needed, and call overtime (as described above) for the

rank/classification that was vacated by the upgrade.

9. In an effort to prevent the utilization of mandatory overtime assignments, only after exhausting all measures available and prior to utilizing a mandatory assignment the County shall be permitted to call persons qualified to work in a higher classification to fill the overtime assignment in an Acting capacity. Persons upgraded while on an overtime assignment shall be entitled to temporary upgrade pay as outlined in the Temporary Upgrading Article.

10. The Fire Rescue Division shall attempt to schedule overtime the preceding day.

11. Employees may request to have their names removed from the overtime roster. Should an employee wish to place their name back on the list, they must notify the Division. All requests shall be in writing.

O. After the procedure delineated in Section N of this Article has been followed, the County has the right to make mandatory overtime assignment beginning with the lowest person on the seniority roster qualified for the overtime assignment. The County will not require the same employee to accept more than one (1) mandatory assignment within the period of one (1) running year, unless during a declared emergency situation (by the County Administrator) or natural disaster. The County will make every reasonable effort to limit mandatory overtime assignments to twelve (12) hours when the mandatory overtime to be filled is a full shift. Any employee misrepresenting the occurrence of a previous mandatory assignment within a running twelve (12) month period shall be subject to disciplinary action. Any mandatory assignment on an official county holiday will be paid at the rate of double time. A running year shall be defined as twelve (12) months from the date the employee was

last required to work a mandatory assignment.

- P.** All employees who have a change in rank or classification, for any reason (including but not limited to new employees, promotions, demotions, and mergers), will have their overtime hour bank adjusted to the average of that specific job classification. This includes employees returning to the overtime list after removing their names as provided in paragraph N.11. above.
- Q.** Any employee may be called for overtime assignments of four (4) hours or less. Employees who decline an overtime assignment for four (4) hours or less will not have those hours counted against them on the overtime list. Employees that accept an overtime assignment for four (4) hours or less will have the actual hours worked charged against them.
- R.** Employees shall not be permitted to work an overtime assignment while on an approved leave.
- S.** No employee would normally be contacted to work an overtime assignment after working or are scheduled to work forty-eight (48) consecutive hours excluding holdovers.
- T.** Within fifteen (15) days of ratification of this agreement all overtime banks shall be reset to zero.
