BIBCO/ECIP at UC San Diego Library

BIBCO New Member Experience

Shi Deng UCSD BIBCO Coordinator
BIBCO Operations Committee Meeting

May 9, 2014

sdeng@ucsd.edu

Thanks to Jessalyn for giving me an opportunity to share UC San Diego Library's experience.

Why Join BIBCO?

- To become a member of the ECIP Cataloging Partnership Program
 - Initiative of Becky Culbertson
 - Strong support from the Library Administration
 - To contribute by cataloging UC Press publications

UCSD Background

- Active PCC member since it was formed
 - NACO member since 1988
 - NACO Music Project since 1990
 - CJK NACO Project since 2007
 - CONSER member since 1996
 - UC CONSER Funnel, 2006
- Have been following PCC Standards & Practice
- RDA Training, Feb, 2013
- **Joined BIBCO, Sept. 2013**

We Were Ready!

3

Some historical background on UCSD's involvement in PCC:

PCC was formed in 1994 from the Cooperative Cataloging Council. (NACO existed before the PCC did.)

Brian Schottlaender was the third chair of PCC, in 1997-98. This was just after CONSER had been consolidated into PCC.

Thanks again to LC for putting all RDA training materials online!

ECIP Setup , Training, Review

- ECIP Setup: Oct. 2013-Apr. 2014
 - Test each step of the process
 - Troubleshooting on system setup and access to application
- Training: Nov. 2013-Mar. 2014
 - BIBCO Orientation Webinar (Nov. 25, 2013)
 - ECIP training video (Jan. 16, 2014)
 - Hands-on session and practice on Traffic Manger and On-The-MARC (Jan-Mar. 2014)
- Review: Apr. 2014-
 - Moved to production (Mar. 18, 2014)
 - First batch contribution (Apr. 4, 2014)
 - Total contribution: 19 ECIP bib records

4

- We had a bumpy experience for system setup: install setup files, access to On-The-MARC program, but in the end, we figured them out one by one by working with LC ECIP staff and IT staff on both sides, we test through each step in the process.
- Because we had RDA training in Feb 2013, so we only had BIBCO Orientation Webinar on Nov. 25, and ECIP training video on Traffic Manager and On-The-MARC Program (ONIX to MARC converter LC developed), later hands-on practice
- We submitted our first batch of 5 records on April 2, Jessalyn and Camilla provide review and answered questions very quickly. We contributed records April 4,

UCSD Experience, so far...

Positive experience:

- Trainings: clarity on process/expectation
- Capable & committed catalogers
- Supportive LC ECIP/BIBCO Contacts: quick response/feedback and turnaround time

Possible future development:

- Develop ECIP setup Q&A/Troubleshooting Checklist
- Develop ECIP workflow/cataloging FAQ
- Continue to update BPM on ECIP from ECIP partners' perspective

5

Very positive experience:

- Both BIBCO orientation webinar and ECIP On-The-MARC training video were with clarity that they were very easy to understand
- Our staff are very capable and quick with action, NACO coordinator also gives ECIP NACO review quick turnaround time. We also meet and discuss our workflow and share our experience. We update our documentations internally use content management system
- Camilla Williams and Jessalyn are always quick in getting back to us on either review or answer questions

So far we have very positive experience and are doing great! We really appreciate all the support from ECIP/BIBCO staff.

Since we are focus on contributing ECIP records, some possible future developments I can think of are on ECIP. I am sure not every institution who joined ECIP ran into the issues we had. But we all can save these setup instructions and troubleshooting questions and turn into some general setup Q&A, as well as cataloging FAQ, may help save staff time and effort on both sides.

Thanks to Jessalyn for incorporate ECIP into BPM, since LC ECIP documentations is fairly LC centric, we probably want to revisit and determine what's need to be incorporated into BPM and what's not from ECIP Partners' perspective, ...

Thank you!

Thanks again for letting me share UCSD's experience!

From left to right:

Adolfo R Tarango, UCSD CONSER Coordinator

Becky Culbertson, chair, PCC Standing Committee on Standards, 2009-2015

Brian Schottlaender, was the third chair of PCC, in 1997-98. This was just after CONSER had been consolidated into PCC.

Linda Barnhart, was chair of PCC, in 2011-2012.

Ryan J. Finnerty, UCSD NACO Coordinator

Shi Deng, UCSD BIBCO Coordinator
