Gugliel Motel

for ensemble

inspired by the picture "Elasticità" of Umberto Boccioni

Staff:

2 Violins

1 Viola

Percussions, 1 player (one medium suspended cymbal, big tam tam, bongos, bass drum, vibraphone, marimba)

Piano

The duration of the piece is of 8 minutes approximately

Indication for the execution:

The alterations are valid in the bar and they are kept in case of duration slurs.

Piano and percussions dynamics should be referred to the general sonority of the string trio, in order not to cover it.

Mallets:

for the bass drum, a hard mallet

for the cymbal, marimba mallets are requested or, in the passage where the change is difficult, the handle part of the sticks.

for the tam tam, a big and soft mallet.

for the vibraphone and marimba, medium mallets of rope.

for the bongos, wooden sticks or, in the passage where the change is difficult, the handle part of the mallets.

In lack of open slurs, the sound of the percussion must be interrupted at the end of the duration of the note.

The line of the pedals going upwards indicates to raise the pedal slowly dimming the sound. The line of the pedals going down, of course, means the opposite.

The indications of the state of the motor for the vibraphone are inside the squares above the part. Number 1 indicate a slow movement, number 2 a medium movement and number 3 a rapid movement.
