The effects of nearby fractures on hydraulically induced fracture propagation and permeability changes

Engineering Geology, Volume 228, 13 October 2017, Pages 197-213

The authors regret the error regarding the grant number in the acknowledgements in the paper already published. The grant number concerning EU project is 636811 instead of 640979. There was a misunderstanding with the EU project number and we only found that after those papers are published.

The corrected text should be:

“The authors gratefully acknowledge the Swedish Geological Survey (SGU), grant number 1724, and the EU project Fracrisk grant number 636811, for providing financial support to research reported in this paper. Additional support was provided by the U.S. Department of Energy under contract No. DE-AC02-05CH11231.”

The authors would like to apologise for any inconvenience caused.
