Correction to: *Nature Metabolism* <https://doi.org/10.1038/s42255-021-00427-2>, published online 19 July 2021.

In the version of this article initially published, there were graphical presentation errors in Fig. 3g, where the center panels of the “m⁶A writers” columns duplicated other images in the figure; in Fig. 4c, where the lane for “PDI” was an incorrect version; and in Extended Data Fig. 3j, where the lower-left “PDI” lane was inverted. The images have been replaced in the HTML and PDF versions of the article and the file for Fig. 4 Source Data: Unprocessed blots has also been replaced online.
