SUBJECT: Third Notice of Proposed Regulation Amendments: Addition of Section 100650 to Chapter 6 of Title 17 of the California Code of Regulations, and the California Institute of Regenerative Medicine (“CIRM”) IP Policy incorporated by reference into Section 100650

Dear Mr. Tocher,

The University of California (“UC”) appreciates the opportunity to respond to the September 7, 2017 Notice of Proposed Regulation Amendments seeking comments on the addition of 17 CCR §100650 which would incorporate CIRM’s revised intellectual property policy (“Proposed Policy”).

Of the two options presented at Section I. Part A, in the definition of “Collaborator,” UC prefers “Option A.”

UC greatly appreciates the multiple opportunities for collaboration offered by CIRM during this process and looks forward to future successes working alongside CIRM.

Sincerely,

A handwritten signature in blue ink, reading "Wendy D. Streitz".
